Mendes-France Seeks To Fill 3 Cabinet Jobs

Resignations Follow EDC Breakdown

Premier Juggles Staff As Criticism of His Foreign Policy Mounts

PARIS (AP) — Premier Pierre Mendes-France sought today to bolster his resignation-riddled cabinet as criticism of his foreign policies mounted at home and abroad.

The harried premier began regrouping his Cabinet last night after three more ministers walked out, leaving six gaps as a result of the bitter dispute over the European Defense Community Treaty.

Three pro-EDC ministers were the latest to resign — less than three weeks after three antitreaty members walked out.

Shifts Staff

To plug the gaps, Mendes-France shifted eight ministers to new posts and named two new officials. The shuffle left two posts vacant, apparently eliminated another and created a new one — secretary of state in the interior ministry.

The pro-pact ministers said they quit on grounds Mendes-France did not try hard enough to win acceptance of EDC by the National Assembly which killed the treaty off last week.

The three who quit earlier were all followers of Gen. Charles de Gaulle, arch foe of the pact. They said they got out because they felt Mendes-France was not strongly enough opposed to EDC.

Latest To Quit

Latest to quit were Justice Minister Emile Hugues (Radical Socialist, Industry and Commerce Minister Maurice Bourges-Maunoury (Radical Socialist) and Labor Minister Eugene Claudius-Petit (Democratic and Socialist Union of the Resistance).

The two new appointees: Roland de Moustier, independent Republican, secretary of state for foreign affairs; and Sen. Gilbert Jules, Radical Socialist, secretary of state for economic affairs.

Mendes-France's government now falls two short of its original 29 members, but the premier said he hoped to fill the gaps soon.

Three members of the Popular Republican Movement (MRP) were expelled from the party today because they had opposed EDC.

Sen. Leo Hamon, and two deputies, Andre Monteil and Henri Bouret, were excluded by the party's national committee on discipline.

The party communique issued today said "there is a fundamental disagreement between the political positions of the party and those taken by the three men."

The MRP, a strong backer of European unity moves did not support Mendes-France when he was confirmed as premier.

ROYAL DECKHANDS. Barefoot Princess Anne and her older brother, Prince Charles, applied themselves to the traditional deck swabbing as they sailed for Tobruk, North Africa, aboard the royal yacht Brittania in May of this year. This picture which just became available in New York was obtained by the London Daily Express from a reader.

Watkins, Case Optimistic on Probe Windup

Senators See Chance To Conclude Censure Hearing Next Week

WASHINGTON (AP)—Sens. Watkins (R-Utah) and Case (R-SD) saw a chance today that hearings on censure charges against Sen. McCarthy (R-Wis) will end next week. But they wouldn't say how long it might take to write a verdict.

Watkins is chairman and Case a member of a special bipartisan committee set up by the Senate to consider a resolution introduced by Sen. Flanders (R-Vt) to condemn McCarthy's conduct as unbecoming a senator and tending to bring the Senate into disrepute.

When the six-man group finishes its report, the Senate is slated to be called back into session to consider the findings.

In 2½ days of public hearings this week, before recessing until next Tuesday, the committee put into its records a mass of documentary evidence bearing on five categories of charges against McCarthy.

These charges were among 46 specific accusations, some of them overlapping, filed by Flanders and

Reds Release Commander of Dien Bien Phu

De Castries Appears Worn but Buoyant on Return From Captivity

HANOI (AP)—Brig. Gen. Christian de Castries, commander of the fallen Indochina fortress of Dien Bien Phu, reached freedom today. The Communists' prize prisoner was visibly worn but still buoyant and "hard to kill."

De Castries was brought to Hanoi from the exchange site where the Reds freed him at Vietri. He was met in Hanoi by Gen. Rene Cogny, commander of the withdrawing French forces in North Indochina.

At the exchange point, De Castries leaned on a cane as he was turned over but would not allow himself to be put in a stretcher.

He rode to the exchange site in a Communist command car, accompanied by a Vietminh colonel and a Communist correspondent. His first request was for French fried potatoes and something different from his prison diet which was mainly rice.

(The French News Agency reported De Castries stood for a few moments before a number of cameramen and emphasized to them the white flag of surrender had never been raised at Dien Bien Phu.)

In Hanoi, Cogny's staff car whisked De Castries to the villa he occupied here before he went to Dien Bien Phu as commander of that ill-fated French post last December.

The 52-year-old general spoke only a few words to French correspondents. Asked how he had

Woman Claims Stranger Tried To Kidnap Her

CAMBRIDGE, Ohio (AP) — A 26-year-old Pennsylvania woman walked into the state highway patrol headquarters here early today and reported she had been kidnaped by a stranger who forced his way into her car at the intersection of U. S. 30 and 22 some 20 miles west of Pittsburgh.

A few minutes later state patrolmen found Charles F. Noonan, 26, lying about 30 feet off U. S. 40 about one mile east of Cambridge with both ankles broken.

He was taken to Guernsey Memorial Hospital here, but no charge was filed immediately. A Federal Bureau of Investigation agent arrived to investigate the case a few hours later and the state highway patrol said a charge of kidnaping and transporting the victim across a state line was being prepared.

The alleged kidnap victim is Mrs. Clarence B. Lang, 26, of Homestead Park, Pa.

She gave highway patrolmen this version:

Mrs. Lang was driving to an airport near her home to meet her husband, a chief boatswain's mate in the Navy. She stopped for traffic at the intersection. Noonan, who later gave police the Columbus YMCA and the National Hotel of Cambridge as his addresses, walked to her car, grabbed open the door, put his suitcase in the car and slid in the seat beside her.

Mrs. Lang said he pointed to his pocket—she thought he was indicating he had a gun—ordered her to drive on and observe all traffic laws. She said he informed her she was being kidnaped.

When the car reached a motel a mile east of Cambridge, Mrs. Lang said Noonan got out, taking the car key with him, but failed to

House Burns At Roundhead; Lima Man Dies

KENTON — Flames which took the life of one man and from which another man and his wife escaped virtually destroyed a Roundhead residence early Friday morning.

John R. Hanson, 51, of Lima, died in the fire. He was in the front room of the house and was visiting Mr. and Mrs. Fred Cullen, relatives by marriage, who resided there. The Cullens escaped from the rear bedroom through the blazing structure and both suffered burns on their faces.

The Roundhead Civil Defense Fire Department was summoned by neighbors about 4 a.m. and the fire was brought under control in a few minutes, though the

Holiday Edition

The Star will observe its usual holiday publication schedule for Labor Day, printing one edition which will go to press before midnight Sunday and be distributed to homes early Monday morning. News items for this edition should be brought or telephoned to the editorial department by 9 p.m. Sunday.

The want ad department will be open until 5 p.m. today to accept ads for Monday's paper and will accept Tuesday ads until 9:30 a.m. Tuesday.

Pair Holds Up Orrville Tavern

Owner Says Bandits Get Away With $7,000

WOOSTER, Ohio (AP)—Two men stole $7,000 in cash and checks early today at a tavern in nearby Orrville.

Raymond Dugan, owner of the tavern, told police the men ordered drinks and waited until the other customers cleared out at the midnight closing time.

They drew guns, Dugan said, and rifled the cash register and a drawer, taking about $3,500 in cash and an equal amount of checks. Dugan said he and John Wayde, the bartender, were locked in a back room while the robbers made their escape.

U. S. Will Take Major Role In Arms Aid to Philippines

Ike Approves Big Foreign Aid Measure

President Completes Action on 513 Bills During His Vacation

DENVER (AP)—President Eisenhower's vacation headquarters today announced his approval of a bill providing $2,781,499,816 in foreign aid, and of another measure stripping citizenship from those convicted of advocating forceful overthrow of the government.

The chief executive hailed still another bill he signed as the first step since 1952 toward "correcting injustices" in U.S. immigration policy.

The President's signing of those three bills and one other into law—plus pocket vetoes for three others—completed action on the 513 measures he brought along to Colorado when he started his working vacation here two weeks ago.

All of the bills were passed by the 83rd Congress during the closing days of the session.

Eisenhower acted on the last of them late yesterday at the home of his mother-in-law, Mrs. John S. Doud.

The appropriation bill carrying foreign aid funds is designed to bolster the free nations of the world against any threat of Communist aggression. Most of the $2,781,499,816 total—which is $657,049,999 less than the administration asked—is earmarked for military aid.

The citizenship-stripping bill is part of the "package" subversion control program Eisenhower submitted to the 1953 session of Congress.

Flood Control Projects Get Ike's Attention

DENVER (AP)—President Eisenhower today makes a 9½-hour aerial survey of multimillion dollar irrigation and flood control projects in four states and gets a chance for political handshaking in three of them.

The President scheduled 6:30 a.m. MST take-off in his private plane from Lowry Air Force Base, the summer White House headquarters.

He is due back here at 4 p.m. MST, after close to 2,000 miles of flying over projects in Colorado, Wyoming, Nebraska and Kansas—and after brief informal talks at the airports of communities in three of those states.

He arranged talks at Grand Junction, Colo., Casper, Wyo., and McCook, Neb.

"Traveling with the President from Denver were Secretary of the Interior McKay, Secretary of Agriculture Benson, and a group of reclamation bureau officials.

Holiday Starts

President Asks Careful Driving Over Weekend

By The Associated Press

Millions of motorists today headed for the highways for a three-day Labor Day holiday, the last long weekend of the summer season, with a plea from President Eisenhower for careful driving.

The President deplored the "grim forecast" by the National Safety Council that 390 persons will be killed in traffic accidents in the three-day period.

There were only a few deaths in motor mishaps in the first hours of the 78-hour holiday weekend, starting at 6 p.m. Friday and which extends to midnight Monday.

President Eisenhower, in his appeal to motorists, said: "Let's be careful this weekend. Let's stay alert. Let's remember the simple rules of the road. Let's fool the experts. Let's all be alive next Tuesday."

There were 405 traffic fatalities over the three-day Labor Day holiday last year. The over-all total of violent deaths was 574, including 70 drowned and 99 killed in miscellaneous accidents. The record traffic death toll for the Labor Day holiday was 461 in 1951, while the record over-all toll was 658, also in 1951.

Council records disclosed that traffic deaths up to Aug. 1 this year occurred at the rate of 91 every 24 hours. Included were deaths occurring some time after injury, days or weeks.

An Associated Press survey in a nonholiday 78-hour period, from 6 p.m. Friday, Aug. 20, to midnight Monday, Aug. 23, showed 346 persons lost their lives in motor mishaps. It also showed 43 persons were drowned and 104 were killed in various types of accidents for an over-all total of 493.

Since 6 p.m. Friday the traffic toll was five, with one death each reported in Idaho, Oklahoma, New Jersey, Connecticut and Alabama.

TO EXPAND GAS LINES

WASHINGTON (AP)— The Panhandle Eastern Pipe Line Co. says the Federal Power Commission has authorized it to start building a $22,885,000 expansion of lines carrying natural gas to distributors in Ohio and four other states. Panhandle has said its distributors could use an additional 200 million cubic feet of gas on cold winter days. The expansion is designed to provide half that much, the company said.

ZWICKER LEAVING KILMER. Brig. Gen. Ralph W. Zwicker performs one of his last acts as commanding general at Camp Kilmer, N. J., as he presents a "Soldier of the Month" award to Sgt. Francis J. Rosetti, of Boston. Winner of the Silver and Bronze Stars in Korea, the sergeant also received a citation and a check. Gen. Zwicker, who figured prominently in the Army-McCarthy hearings, announced recently that he had been transferred to Zama, Japan. He will leave about Sept. 27.

Pilot Tops 616 M.P.H.

New Speed Record Set in Bendix Race

BULLETIN

DAYTON, Ohio (AP)—Capt. Edward D. Kenny of the Air Training command today set a new unofficial speed record of 616.208 m.p.h. in the 1,900-mile California-to-Ohio Bendix Trophy Race. He made the run in 3 hours, 1 minute and 56 seconds.

DAYTON, Ohio (AP)—This hometown of aviation's pioneering Wright Brothers awaited arrival of the Bendix Trophy fliers today to spark the opening of the National Aircraft Show.

Take-off time from Edwards Air Force Base, Calif., for the 10 Air Force pilots from five commands, flying F84F Thunderstreaks, was around 8 a. m., EST. They are expected here before noon.

They will pass over the home pylon of the James M. Cox Municipal Airport at nearby Vandalia. Then they'll land at Wright-Patterson Air Force Base, a few minutes away by air, returning to the show site via helicopter.

Last year's Bendix winner, Maj. William Wishner Jr., made the 1,900-mile flight in three hours, five minutes and 45 seconds, at an average speed of 603.547 m.p.h.

Aircraft show officials confidently estimated a crowd of at least 80,000 for the finish of the speed dash.

While the Bendix finish is the big feature of the first of a three-day program, flight demonstration by the Army, Navy and Air Force and a parachute jumping contest also are scheduled.

Another event will be arrival of a new Boeing YB52, Stratofortress, trying for a new non-stop record from Seattle to Dayton.

A Boeing B17 made the first Seattle - Dayton flight in 1935 at an average speed of 295 m.p.h. The YB52 is in the 600-m.p.h. class.

Secretary of the Air Force Harold E. Talbott, Air Force Chief of Staff Gen. Nathan F. Twining, and Gov. Frank J. Lausche of Ohio are to be among the military and civilian dignitaries in the reviewing stand.

National Air Show Not Coming Back to Dayton

DAYTON, Ohio (AP)—There was considerable uncertainty today where the National Aircraft Show will be next year, but one thing seemed sure: The show that has been at Dayton for two years now will not return for a third.

The Dayton Journal Herald today quoted an unnamed military source as saying the event will be moved to Fort Worth, Tex., next year. The paper said it was told defense officials want the show moved around and have a $50,000 guarantee from Fort Worth businessmen.

Chinese Reds' Spy Proposals Aired at Trial

SAN ANTONIO, Tex. (AP) — A former North Korean War prisoner being tried on charges of collaborating with the enemy says the Chinese Reds wanted him to head a super-secret organization to work with Communists in the United States.

The statement was made by Cpl. Claude Batchelor to an Army intelligence officer in Tokyo early this year and introduced here yesterday at the Kermit, Tex., soldier's court-martial.

Bachelor said that when he decided to stay with the Reds — a decision he later reversed — the Reds "had to find another prisoner in whom they could put trust and faith to carry on this project." Batchelor said they decided on William C. Skipper but "I am not certain that he got the job."

Batchelor and Cpl. Edward Dickenson, Big Stone Gap, Va., were among the 23 Americans who originally chose to stay with the Reds. They were the only two among the 23 POWs to change their minds and return to U.S. hands. Dickenson, already sentenced to 10 years at hard labor on charges similar to those against Batchelor, is to testify in the court-martial here.

Communique Issued After Defense Talks

'Automatic' Reaction Promised by Dulles In Event of Attack

MANILA (AP)—The United States today promised to furnish a "major portion" of the supplies and equipment to strengthen the Philippines armed forces "in view of the developments in Southeast Asia."

The pledge was given by U. S. Secretary of State Dulles and announced in a joint communique following mutual defense talks today.

It followed a statement by Dulles earlier today pledging that the United States "would automatically react" if the Philippines should be attacked.

Agree on Defense Plan

The communique said Dulles and Vice President Carlos P. Garcia, who also is Philippines foreign minister, reached agreement on all phases of a joint military defense program.

The talks today were a prelude to an eight-nation Southeast Asia security conference which starts Monday.

"In view of the developments in Southeast Asia the defense of the Philippines requires that the armed forces of the Philippines be strengthened through cooperative effort," the joint communique said.

It added that Dulles said "consideration is being given by the Department of Defense to the proposals to develop the Philippines navy and air force.

Dulles' Reply

The communique said the Philippines Saturday proposed creation of a four-division army and Dulles replied that:

"The United States would furnish the major portion of the military material requirements for such an expansion of the army.

In his earlier statement Dulles made it clear that the United States would come quickly to the Philippines defense if the islands were attacked.

"I wish to state in most emphatic terms that the United States will honor fully its commitments under the mutual defense treaty. If the Philippines were attacked, the United States would act immediately," Dulles declared.

His statement marked the opening of U.S.-Philippines mutual defense talks preliminary to an eight-nation Southeast Asia Security con-

(Turn to DEFENSE, Page 8)

U.S. Officers Killed as Reds Shell Quemoy

BULLETIN

TAIPEH, Formosa (AP) — Communist artillery today again shelled Quemoy Island where two U. S. officers were killed by Red shells Friday.

The two officers, whose identities were not disclosed, were members of the Military Assistance Advisory Group assigned to Formosa. They were on an observation trip to Quemoy when the Communist bombardment began. A shell struck a bunker in which they had taken refuge. Their Chinese driver also was killed.

Today's bombardment was described by the Defense Ministry as sporadic. It said inhabitants of Quemoy were calm — that Red gunfire was nothing new to them.

Police Arrest 7 Teen-Agers

NEW YORK (AP) — Seven teen-agers—five girls and two boys—were held today for allegedly whipping and burning with cigarettes a 14-year-old blonde they accused of "making eyes" at another girl's boy friend.

Police said the seven threw down Adele DiGregorio in a Queens school yard yesterday, thrashed her with a belt supplied by one of the boys, and burned her right leg.

They said the young gang also took $1.55 from Jean Marinacci, 15, a girl friend of the beaten blonde, but did not injure her.

The DiGregorio girl walked a mile to the Ozone Park police station, gave a description of her assailants, and was taken to a hospital for treatment for shock, burns and contusions.

Police rounded up the seven and brought assault and battery charges against Rose Guigliano, Paul Tramparulo and John DiMeglio, each 16. Four girls less than 16 were charged with juvenile delinquency.

The episode was the latest in a series of juvenile terror attacks in New York City.

14-Month-Old Boy Is 4th Polio Victim

David Cook, 14-month-old son of Mrs. Margaret Cook of 31 Veterans Housing Project, is Marion County's fourth polio victim of the year. The Marion County health department reported today that the infant's illness had been diagnosed as polio.

The boy was admitted to Children's Hospital in Columbus Thursday.

The city health department has reported one polio victim and the county department three.

Free Nations' Right to Work Lauded by Ike

DENVER (AP)—President Eisenhower declared today in a Labor Day message that only workers in free nations like America can produce "that deep and tremendous surge of might" born of freedom.

The President drew the contrast of a slave state forcing its workers "to brutish, endless toil."

Here is the text of his message for the Monday holiday:

"On this day all Americans once again give thanks that we live in a country which upholds the high belief that every citizen should have the right to seek freely the work he wants to do.

"To all the world we have shown the inevitable results which can be accomplished in a land where every man can choose the job he wants—any job for which his ability fits him; prepare himself for it; and join freely with his fellow workers in common effort.

"A slave state may force its masses to brutish, endless toil. But it never can produce that deep and tremendous surge of might which comes to a nation when each man knows that he is driving a wedge or plowing a furrow or operating a lathe because he is a free man, and that to this endeavor he freely sets his hand.

"In this principle lies a true and joyous strength. May we recognize it today with a new conviction."

San Francisco Bridge Painted All Year Long

SAN FRANCISCO—As you drive across the bridge which links San Francisco with the "Redwood Empire," you're likely to see painters working at almost any point of the fabulous structure. Day in, day out, they're busy applying protective coatings to the world's longest single span suspension bridge.

It doesn't matter whether the weather man is recording rain, shine, fog or high wind, thirty-two painters are scheduled to work on the Golden Gate Bridge eight hours a day, five days a week and fifty-two weeks a year. When unfavorable weather makes it impossible to work outside, they turn their attention to the hundreds of small cells in the towers which must be kept protected with paint, or to the inside struts, I-bars and hold-downs which must all have regular attention if the steel is to be kept in perfect condition.

Since the Golden Gate Bridge authority is determined to use the best paints available, research is constantly conducted to make certain that the best possible coating for each purpose is being used. Since the bridge was started in 1933 ,over 1,500 samples of paint have been tested at an approximate cost of $25,000 in order to determine which ones will best stand up to heavy fog, rain and sunshine over the years. These tests are carried on systematically on a weight block on the San Francisco side of the bridge. Here, wind, rain, fog, salt water and sunshine show up the damage they can do to paint.

It costs approximately $38,000 a year for paint alone for the bridge. Added to this is the cost of labor and special equipment necessary for bridge painting. Steel cables are used instead of ropes which would fray in the wind against the steel of the bridge. Specially designed hoisting stages, air-powered, are used when painting the exterior of the towers which loom 746 feet above high tide and stand 530 feet above the deck of the bridge. When working under the bridge deck, painters use long, movable scaffolds. All this equipment is kept under the approaches of the bridge, with thousands of cars passing daily overhead. Here, too, are lockers and lunch rooms for the men who do the painting.

Headed by a foreman and two "pushers," who are in line for the job of foreman, the painters work in groups of eight. With them are three "punks" — young men who will become full-fledged journeymen painters in a year and a half. It requires time to learn the workings of the bridge, rope-tying and the special safety requirements.

The work is not easy and it is cold, working on the exterior of the bridge. A cool wind blows almost constantly through the Golden Gate, even on warm days. Too, the iron of the bridge is cold. The men must wear heavy clothing, heavy canvas coveralls, high shoes, warm socks and heavy caps. But painting the Golden Gate Bridge is a fascinating job. The Bridge Authority has a long waiting list of men who are eager to become members of the painting crew.

Noted Persons Taken by Death

By The Associated Press

LOS ANGELES — Eugene Pallette, 65, veteran film actor who started as an extra, was playing leading roles in 1916 and later turned to character portrayals. Born in Winfield, Kan. Died Friday.

—:—

NAIROBI, Kenya — "General" Kirito Ole Kisio, third in command of the Mau Mau terrorists, who was known to be trying to incite the Masai tribe, widely acknowledged as the finest warriors in Africa south of the Sahara; to join the Mau Mau movement.

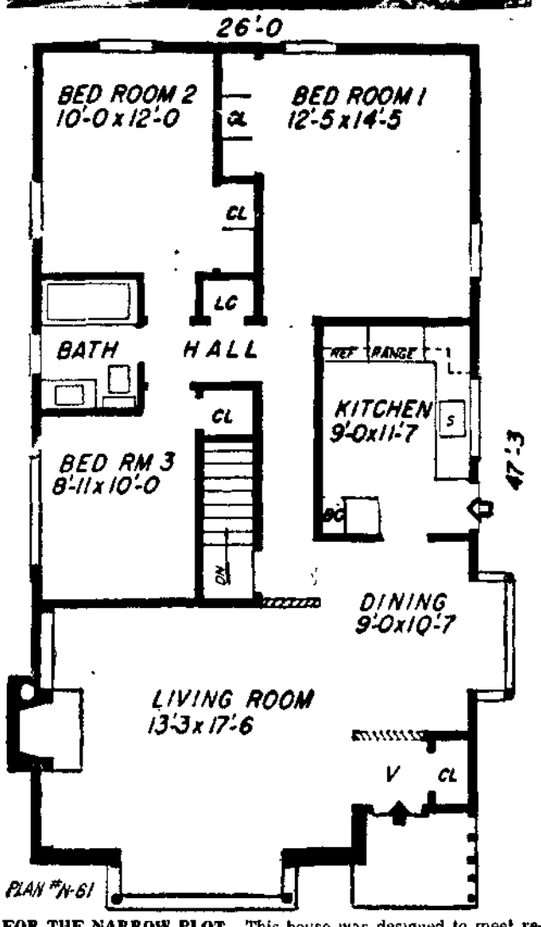
—:—

NASHVILLE, Tenn. — Francis Keese Wynkoop Drury, 75, retired Nashville city librarian and author, and at one time a lecturer at the University of Illinois and the University of Buffalo. Died Friday.

—:—

HINGHAM, Mass. — Dr. Helen I. McGillicuddy, 82, who served as a physician with the Army in the Spanish-American War, and widow of Dr. Cornelius J. McGillicuddy, with whom she served in public health work in the Panama Canal zone. Died Thursday.

Narrow Lot Home Seen



FOR THE NARROW PLOT. This house was designed to meet requests for a good looking compact house with all of the best features of a rambling, more expensive ranch model. Three bedrooms and a total of 1,100 square feet of living space are provided although the house is only 26 feet wide. This should fit a 40-foot lot. Plan N-61, this house was planned by Alfred H. Ryder for the Architects' Home Plan Bureau, Box 141, Bethlehem, Conn.

YOUR HOME . . . Today and Tomorrow

By DOUGLAS TUOMEY

It is a fairly well established practice these days to terrace up the lawn around the foundations of a house, and not have the structure sticking up abruptly out of the ground as is so often seen in old homes.

At the same time it is very difficult to prevent the rain from eroding the newly banked earth. Many a homeowner has filled the small gulleys and reseeded the slopes until he is ready to give up trying to maintain a decent looking terrace.

Experience has shown there is a simple way of overcoming this difficulty. As shown here, a length of two-by-four lumber is sunk in the ground approximately half way down the slope and backed up by stakes driven into the ground. About an inch and a half of the four-inch side should show above ground level. This makes it quite unnoticeable when the grass is an inch or two high. For slopes four feet in running length, one batten is enough as shown. For longer slopes a batten should be placed at two-foot intervals.

Actually, what these battens do is break up the downrush of surface water and distribute it into a less forceful flow. At the same time they give the new grass a chance to root firmly, and once this is established the heaviest downpour will not bother the sloping lawn.

Actual tests have shown that on an abrupt slope as shown here, these battens will enable grass to take hold in about two seasons. After that time they can be ripped up and the narrow ditch they leave can be filled and tamped down.

It's not necessary to use new lumber for this job. Any old pieces of wood will do, but they should be more or less substantial. If new lumber is used, a coat of paint will keep it from rotting while it is buried and it can be reused for other purposes afterward.

(The Bell Syndicate, Inc.)

Connecticut claims it has more acres of public parks and spends more money for public libraries than any other U.S. state.

Aid for the Ailing House

By ROGER WHITMAN

Q: I have walls and ceilings finished with gypsum wallboard. The joints were taped and cemented then painted with a rubberized wall paint about a year ago. The joints are quite prominent and show up through the paint and shadows on the wall indicate the locations of the nailheads. How can we overcome this condition?

A: The nailheads evidently were not driven slightly below the surface of the wallboard. After this is done the slight indentations should be filled with spackle. If the joints are prominent because they are slightly higher than the surface of the wall, rub them down with "000" sandpaper. After wiping off the dust, repaint the walls.

Q: Some time ago we installed sliding flush doors on the closets in our upstairs bedrooms. We were happy to have this arrangement, but since then several changes had to be made and we remodeled, so that there was a small apartment upstairs and we have taken the first floor for our quarters. We have come to the realization that the sliding doors are very noisy. Can you suggest a method or procedure for toning down the noise?

A: Quite a few manufacturers of sliding door tracks and hangers for sliding doors now make hangers with nylon rollers. I suggest that you get in touch with the firm that made the hardware for your doors and ask them if it would be possible to replace the present hanging units with the type having nylon wheels.

Q: What may I use on stainless steel sheet metal or aluminum sheeting to stop the corrosion which is eating a hole in the metal? The metal is being used as a flooring in a mobile home bathroom.

A: Stainless steel or aluminum will not corrode unless it is combined with another metal and water is present to cause galvanic action. Aluminum sometimes will corrode or become pitted in the presence of alkaline or chlorine types of substances and liquids. Stainless steel in general does not ordinarily corrode even when subjected to many types of caustic and acid chemicals. If possible, I would suggest using some other type of floor covering instead of metal, but if this is not practical, apply a couple of coats of floor varnish as a surface protection.

Q: We are planning on insulating the attic which is unfinished and not floored. What is the most efficient and non-irritating insulation for 450 square feet of attic? Since this is a "do-it-yourself job," we would appreciate your advice.

A: Most of the insulating materials, for equal thickness, will give you about the same insulating efficiency. The non-irritating types of insulating material would be completely enclosed blanket materials, or aluminum foil. If foil insulation is used, it will be necessary to use two sheets, having four reflective sides, to obtain the approximate amount of insulation comparable to the thick fibrous variety.

(Consolidated News Features Inc.)

HOUSING STANDARDS

Recent reports to the Build America Better Council reveal that 64 cities are now engaged in concentrated enforcement of minimum housing standards within specific neighborhoods. The BABC group of the National Association of Real Estate Boards urges such concentrated enforcement and coupling enforcement activities with improvements to schools, streets, parks, as well as municipal facilities.

The Handley-Brown
GAS FUEL DOOR BURNER
The Fuel Door gas conversion burner is directly installed over stoker oil burner or grates—without changing or rebuilding the furnace. This means low-cost installation; you get more burner for your money. And if you're renting, you can take this burner with you when you move.
This burner is high off the floor — safe for children, and safe against water damage. Even with water in the basement, the Fuel Door burner keeps your home warm and cozy — long after ashpit heating units are drowned out.

NO MORE OF THIS...
NEW Johns-Manville Seal-O-Matic Asphalt Shingles
They hold tight in high winds because they are Self-Sealing
Here's the secret: The sun's heat seals the tabs automatically because of a special cement strip on the underside.
The butt edges are sealed down by the sun's heat.
No fear of damage in high wind . . . wind can't get under the shingles.
Traditional shingle design.
This development of Johns-Manville research is the most important contribution to roofs in the last 20 years. Seal-O-Matics seal themselves down—grip the shingles underneath with bulldog tenacity. Cost but little more than ordinary shingles. Your choice of many colors and blends. Come in and see them!
Let us quote you a complete price — MATERIALS and LABOR — Payable on easy monthly payments

Home Projects Can Be Helped By Decorators

Experts Seen Saving Time, Money, Effort On Handyman's Plans

Attention, Home handyman Why not make a decorator your aide de camp?

A good decorator can save you money, time and effort says Isabel Barringer member of the American Institute of Decorators She explains

"To often Mr and Mrs Do-It-Yourself expend their energies on wasteful processes with disappointing results In the end it's more expensive than boughten labor A decorator can be an effective partner in suggesting to home carpenters how they can harness their labor to a constructive conclusion"

Decorators help ascertain living habits of the family, aiding them to express their personalities in the home as they cut costs in furthering the project says Miss Barringer

— —

AMATEURS can make use of many new materials, cutting expenses with their own labor Such innovations as pre - mixed paints in decorator colors applied with handy roller applicators and smack em-on wallpapers are a revelation when selected with an eye to smart decorator color schemes Ordinary dime - store scrapbaskets my be covered in charming papers, wood veneers or simulated leather fabrics Unpainted furniture can be covered with plastic veneers or lacquered in beautiful colors Special hardware can give homemade furniture a custom-built look

Miss Barringer has seen unusual and artistic lamps made from six to eight-inch paper cylinders filled with sand and covered with metallic paper or felt Glass vases, bottles and jars may be lined with paper designs to produce unusual decoupage effects as lamp bases

— —

A GOOD DECORATOR can help select fabrics for draperies, slipcovers and bedspreads Any amateur with the help of a local sewing center can be a home seamstress

Miss Barringer is opposed, however, to the decorator who tries to inject her own personality into another's home Some decorators, she says just love turquoise, red and green in 1954 and push the same color scheme down the throats of all their clients that year Another group might be wild about Shaker furniture, molded modern, posture chairs or whatever is the current rage All these fashions are likely to appear in jobs executed during that period of enthusiasm

She advises choosing a decorator who will help you express your own personality by guiding you to the best utilization of your heart's desires in colors, furniture and accessories Not every decorator will agree that you should use Aunt Mamie's Victorian sofa with an Eames chair But a good decorator can show you how to correlate your choice of colors and designs into an attractive home.

For every mature oyster, a million or more are killed in immature stages says the National Geographic Society

Venetian Blinds Help Corner Window

Draperies, Curtains Can Improve Interior Of Houses

If the interior treatment of your corner windows has you cornered, here's how to use venetian blinds curtains and drapes to best advantage

To maintain the fine illusion of space, two corner windows should be treated as one large unit Don't crowd curtains or draperies into the corner. Instead, decorate the extreme ends of the windows Helpful here are window rods which curve gracefully around the corner

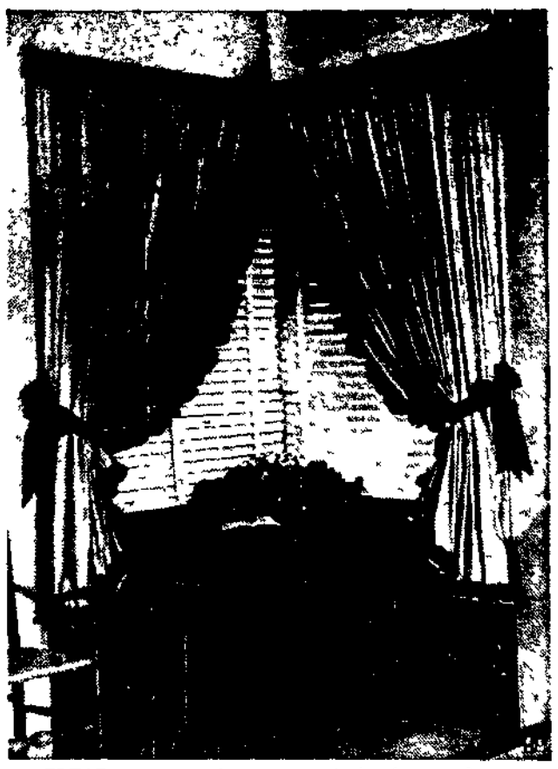
Another way to treat the corner is to frame it with a scalloped plywood cornice, wallpapered to match another part of the room

A simple and distinctive treatment is the use of an eight-inch ruffling used only across the top of the two windows

More expensive is draw drapery on a curved rod whic can fall on the sides during the day and close up at night

The venetian blinds covering the two windows should be mitred The slats as they meet in the very apex of the corner should be cut on the slant so that each blind can be moved freely without interference from its neighbor

When just one corner window is involved, venetian blinds and draw curtains or drapes are an on the wall adjacent to the corner interesting way to tackle the window and wind around well over problem Have the drapes start to the other side of the window



TREAT a corner window as one unit when hanging drapes

Marengo Students To Return Tuesday to Remodeled School

MARENGO — Marengo teachers will meet Monday at 9 a m to work out plans for the coming school year Supt Richard Fuller announced

Students will attend a half day session Tuesday at 8 30 a m They will be dismissed in time to reach home for lunch the first day Text books will be issued, work book price lists will be given out and assignments made for Wednesday

Cafeteria Opens

The school cafeteria will open on Wednesday. Prices are 25 cents per meal for students and 30 cents per meal for school employes A meal ticket for a week can be purchased for $1 20

The teaching staff is as follows first, Mrs Beulah Wilson, second Mrs Lela Conaway, third, Mrs Lucille Miller fourth Mrs Arelen Beaver fifth Mrs Leona Gardner, sixth, Mrs M Louise McKinney commercial, Miss Mazzie Myers, mathematics, Ernest Kathary social studies and basketball, Russell Ammons, Domestic Arts, Mary Mary Platt, English Jesse West Science, football and baseball Al DeCola, vocational agricultural Oscar Augenstein, music, Stephen Safran, foreign language and supervision, Richard Fuller

Gypsum Lath Helps

Falling Plaster Presents Many Repair Problems

When plaster falls from a ceiling in an old house you can be confronted with several problems—whether to patch the plaster, install a wallboard ceiling over the old plaster, remove the plaster and lath, or plaster over new lath applied over the old ceiling.

The fact that some of the plaster came down is not necessarily a fault of the plaster. Chances are that the hole reveals wood lath—a construction detail that has been supplanted in recent years largely by gypsum lath, metal lath and other lathing of sheet types. Plaster does not bond itself to wood. The reason it held at all on wood lath was because of the anchorage formed by forcing enough plaster between laths to form hardened bulges, or keys.

Nowadays much stronger bonds are provided by, for instance, metal. Virtually every square inch of the plaster is locked around the wire-like mesh. And one of the strongest bonds is provided by gypsum lath on which plaster forms a complete bond. U. S. Bureau of Standards tests have shows that it takes more than 800 pounds to break this bond on one square foot of area.

—:—

TO REPLACE a ceiling with modern materials is a far simpler task than it used to be. The first decision to make, of course, is whether patching will be expedient. You can determine this by examining the rest of the plaster.

If the spot that failed can be traced to moisture or some other localized cause and the rest of the ceiling is obviously firm, a patch may do. Of course, it will be difficult to conceal and in the long run the failure may prove to have been the forerunner of more trouble.

An alternative may be to put up a new ceiling, leaving the old plaster in place. This can be done with sheets of gypsum wallboard nailed to furring strips. Eightpenny nails (2⅜ inches long) are used to drive through the strips, through the old plaster and lath and firmly into the joists. But if you worry about getting the joints between the wallboard panels thoroughly concealed and all nail dimples smoothly cemented you may want plaster again.

—:—

IN THIS CASE you will find gypsum lath easy to install. It comes in sheets generally 16 inches wide, 48 inches long and ⅜-inch thick. Each sheet calls for only 16 nails, so they go up fast. Eightpenny nails are used for this, too, and the nails are driven home similar to the practice in nailing wallboard—the nailhead is driven just below the paper surface of the lath without breaking the paper. This prevents any movement of the lath on the shank of the nail.

Each end of each lath sheet must have a bearing on wood framing—a joist, a header or a nailing block. Edges and ends of lath panels should be in moderate contact.

Ready-mixed plaster is the easiest to apply to this foundation. It comes with a lightweight aggregate instead of sand, with only water to be added. It is much lighter than sanded plaster, placing less than half the load on the joists, and it also has a greater fire rating.

A two-coat plaster job is entirely satisfactory with gypsum lath. A full half-inch of basecoat is applied in one operation. An advantage of a ready-mixed basecoat is that the finish coat, also ready-mixed, can be applied in 24 hours. This finish is extremely hard and can be decorated as soon as it is dry. Other finish plasters have required waiting periods of 30 days or more before decoration.

Specifications of the Gypsum Association call for a general thickness of 1-16 to ⅛ inch for ready-mixed trowel finishes. The material should be well troweled with water to a smooth finish, free from blemishes or irregularities.

BEAUTY IN THE BATH is the desire of every homeowner and justifiably so. Your bathroom can be changed from a daily clean-up chore to a sparkling, bright and maintenance-free room like the one shown here. Prefinished wall and ceiling panels, which never need painting, have been used here to produce a room that is always ready for an unexpected guest. An occasional wiping with a damp cloth keeps the baked finish clean and bright. Indian red and silver walnut prefinished paneling have been use in the above room with silver walnut behind the mirror and tub. Contrasting white mouldings highlight the decorative scheme.

Adenauer Claims Mendes-France Destroyed EDC

LONDON (AP) — The Times of London today quoted West German Chancellor Konrad Adenauer as saying French Premier Pierre Mendes-France "wanted to destroy" the European army project.

Adenauer also warned in an exclusive interview with a Times correspondent that the death of the European Defense Community treaty at the hands of the French Assembly might mean rebirth of "exaggerated nationalism" in Germany and the seeking of aid from Soviet Russia.

"If the European idea is wrecked by the action of France, will not that mean a return in Germany to an exaggerated nationalism?" The chancellor asked. "I do not mean a return to the nazism of Hitler, but a return certainly to some form of nationalism.

"If Germany is rebuffed by the West and wooed by the East, do you not think that the nationalism will look to the Soviet Union? This is a great danger."

RUSTY FURNITURE

If your outdoor metal furniture rusts, try sanding it lightly. Then apply zinc chromate and a top coat of durable outdoor enamel. But this is not recommended for iron that has been treated electrolitically, metalized or "hot-dipped." Find out how the metal has been treated when you buy your furniture.

Real Estate Transfers

A total of 33 real estate transfers about the same number as during the last four weeks, were recorded during the week from August 23-28 at the office of County Recorder Arthur L. Watt.

A total of 30 real estate loans were recorded for $156,780. Savings and loan organizations granted 18 for $87,978; banks granted 8 for $30,600; individuals granted 1 for $5,000; and others granted $32,600.

Four easements also were recorded, all to the Ohio Fuel Gas Co. The Marion Township easements were from Carl V. Sims and others, Donald E. Sims and Lulu Uncapher while a Pleasant Township easement was from Floyd E. Wallace.

Real estate transfers follow:

Paul E. Barcus to Joseph F. Barcus, Centerville lot.

Frank Brabson by executrix to Jack L. Cooper and others, four Marion lots, $1,000.

Lena R. Brabson to Jack L. Cooper and others, four Marion lots

Robert Paul Brown and others to Clifford Stiffler and others, Prospect lot.

Francis D. Cook and others to Frederick W. Warner and others, .15 Marion acres.

Francis D. Cook and others to Richard E. West and others, .15 Marion acres.

G and G Homes, Inc. to Lloyd Powers and others, Marion lot

G and G Homes, Inc. to Rex E. Rogers and others, Marion lot.

C. Schell, Inc. to John A Longnecker Jr. and others, Marion lot.

Alfred Dale DeLauder and others to Wilham D. DeLauder and others, Marion lot.

Ira H Eckels and others to Nona A. Reed, two Marion lots.

Roy D. Furniss and others to George R. Golden, Marion lot

R. W. Fay and others to Wilham L. Zuspan and others, Marion lot

Tony Fix and others to Clifford E. Harris and others, Marion lot

Chandos A Haines and others to William L. Croll and others, Marion lot.

Denver W. Holliday and others to Donald Irvin Porter and others, land in Marion Township.

Sidney H. Hendrickson by administratrix to Elwood Dunn, Marion lot, $3,100.

Milo Hill to Violet H. Hill, 80 Scott acres.

Emerson G Long and others to Merwin W Shields and others, Marion lot.

Richard Lantz to Elwood Dunn, Marion lot

D. E. Lusch and others to John J. Hrehov and others, Marion lot.

Gerald E. Messenger and others to Dean Baker and others, Marion lot

Fred Maag and others to Charles Edward Baker and others, two Marion lots.

F. Vernon McCrey and others to Charm K. McCrey and others, Marion lot.

John H. Newman and others to J. Ray Slack and others, two Marion lots.

G. A. Ruth by executor to George Kramer, 79/75 Green Camp acres, $21,700.

Harold E Sens and others to Roy D. Furniss and others, five Grand Prairie acres

August Rech to Vernon L. Bristley, Marion lot.

Harry A. Stoll to Mertie M. Stoll, Marion lot.

William B. Swartz and others by sheriff to Carl Rieger, Marion lot, $260.

Thomas E Sonnanstine to Luella M Plummer, land in Grand Prairie Township.

Harold B. Stewart and others to Dennis L. Trachsel, five Marion lots.

Robert R Setter and others to George A. Guy and others, 1.66 Pleasant acres.

Marion Area Realty Notes

Rev. and Mrs. C. A. Halslip recently purchased a double house at 418-420 Cherry St. from Mr. and Mrs. A. F. Sager. The property has full basements and a three-car garage. Kenneth Patrick of Hoch Real Estate handled the transaction.

Mr. and Mrs. George Golden recently purchased a home at 802 Nelson St. from Mr. and Mrs. Roy Furniss. A square type home, it has six rooms, bath and garage. It was sold by Harold Cook, realtor.

STARTING A PAINT ROLLER

Don't use a new paint roller before you wash it well in warm soapsuds and rinse it thoroughly to remove lint and dust. You can then go ahead and use it wet for water-mix paints, but for oil-base paints you must allow the roller to dry thoroughly before you dip it in the paint.

All-Year Patio Simple To Add

Roof Extension Called Major Part of Project

Too small for a garden and too large to ignore is the narrow space between home and driveway.

Now, some bright people have turned this never-never land into a delightful and unexpected patio. They've accomplished this charming creation so easily a good many folks are now wondering why they overlooked the obvious all these years.

It can be an all-weather patio by the simple expedient of extending the roofline to cover the area. Upkeep is eliminated by covering the ground with two-by-fours laid edgewise and spaced a half inch apart to permit water to drain away.

A simple, framed wooden screen separates the patio from the driveway, and adds just the touch of simplicity which is the charm of this little patio. The screen should parallel driveway and should be about shoulder height. Easiest to build screen is one framed in f... two-by-fours with one-by-four boards covering both sides of the frame to give a finished appearance.

The screen gives privacy from the traffic of the driveway yet avoids the impression of "closing in" around the patio users.

Oftentimes an extension of the roofline by some six or eight feet to cover the narrow, snug area alongside the home is all that is needed to create an outdoor living haven of wide usefulness. The overhanging roof acts as a sunshade, and because the tiny patio is close to the house and generally right in front of the entrance opening onto the driveway, it is a favorite spot when a member of the family has only a few minutes to relax.

Even during rainy weather, there are days when a person just has to get outside, and this sheltered spot fills the bill.

Generally the same wood is used for the screen as is used for the siding and roof section of the home. If the siding is western red cedar, it is generally best to match the same wood in the screen. Then, whatever finish you use, whether stain, paint or natural, the woods all blend with each other.

It is not necessary to use any stains or paint on the wood decking, although a coating of boiled linseed oil would be all right. Actually, if good drainage is allowed under the two-by-four decking, the wood will last indefinitely without any paint or treatment. A good hosing will keep the decking ship shape.

NOTICE!
To The PUBLIC!
Contrary to Some Statements Made by Others
We have never made any agreements to service heating or air-conditioning equipment for our competitors.
However:
We service all makes of equipment when we have time. But due to the great number of our own customers and the fact that it takes about 2 years or more to train a good serviceman we do not have, at present, enough trained servicemen to service equipment for our competitors. We do, however, appreciate their recommendation of our service.
If you want the BEST in EQUIPMENT and to be sure of the BEST in SERVICE . . . buy your Heating and Air-Conditioning equipment from

Dividers Give Room Privacy

Cheap Structure Good For Youths' Quarters

Every child needs some privacy, preferable a certain part of the home he can call his own.

A simple boundary marker in the form of a movable half-height dividing wall is widely used today to establish definite "kingdoms" for each child, especially where two or more are using the same sleeping and play room.

The dividing wall can be relatively inexpensive, and can be made to serve several purposes. Some are built to provide storage shelves for books, toys, games and other child stuff. Half of the storage wall faces one side and the other half served the child on the opposite side. The top of the wall is wide enough to hold goldfish bowls, bookends, and other possessions.

If the wall of the bedroom is paneled the dividing wall should be built of the same material. Generally, the movable section is painted in some light, bright color to help liven up the children's room. When painted it becomes a very welcome piece of furniture.

These dividing walls are very easy to build. Actually, they aren't any more complicated than a well-built bookcase. A solid back should be placed behind the shelves so that each child has a section facing his part of the room which is his very own.

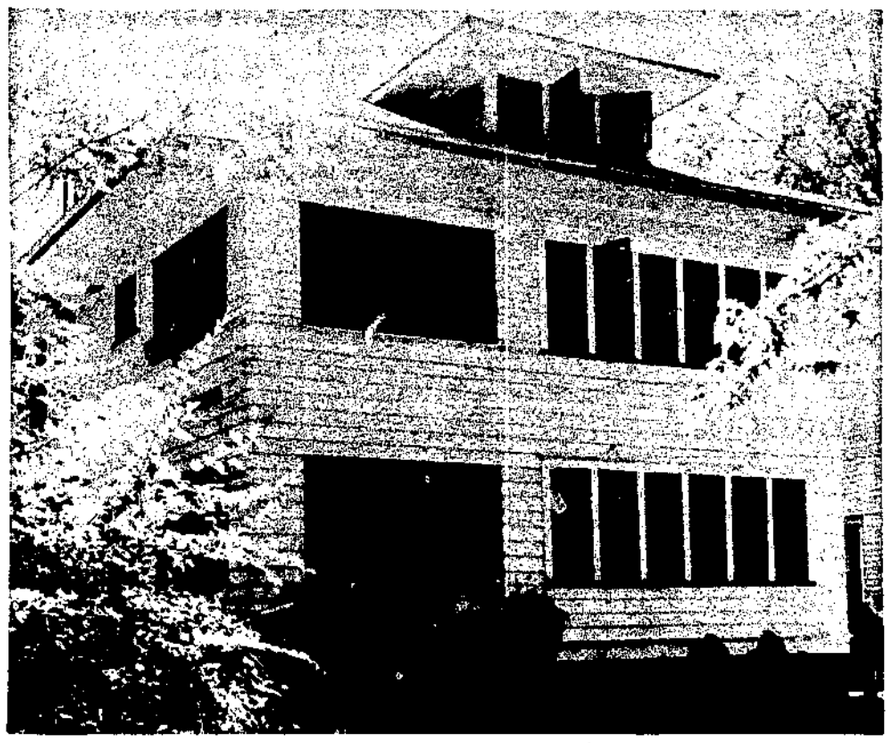
Parents will find that these dividers solve a lot of problems, reduce quarreling to a minimum, and give a child a chance to develop his own personality. Where the home is small and there is only one bedroom for the children, this divider will help out the budget. For children of opposite gender, this break will serve adequately until the children are of school age. Of course, if a family has two boys or two girls, the divider serves for years.

The beauty of these wall dividers is that they can be built and added to a room at any time. This is important where the size of the family is so unpredictable. In cases where families live in apartments, especially older ones with large rooms, the dividers can be developed into more elaborate and useful installations.

When the children reach school age, they will need study tables or desks and these can be built into the divider walls, so that they fold back out of the way when not in use. It is amazing how many different devices for the child's daily living can be compacted into a small space when some care and study is taken in the designing.

In some instances, where the wall is finished in natural varnishes or waxes, the wall divider can also be finished the same way. Some mothers find this solves their cleaning chores, for most child smudges can be wiped off the waxed finish, whereas it takes extra effort to clean crayon marks and fingerprints from painted surfaces.

Woman Purchases Church St. House



MR. AND MRS. IRA ECKELS recently sold their property at 389-391 E. Church St. to Mrs. Nona Reed of Canton. The house has six rooms and bath, both upstairs and down. Sun parlors also are found in the house. Retterer and Davis Associates handled the transaction.

Changes at Prospect Schools Completed for 1954-55 Session

Students returning to Prospect School next week will be greeted with several changes in the school buildings.

Superintendent Clyde F. Forry said that two rooms in the elementary school building have been equipped with new furniture. The second and third grade combination to be taught by Mrs. Mary Nicodemus of Ostrander and the fifth grade to be taught by Mrs. Alice Dix are the two rooms which are newly furnished.

Superintendent Forry also announced that the sixth grade will be housed in Room 11 of the high school building. An additional piano will be in use in the elementary building. The piano was provided by the Prospect Youth Committee at the close of their summer activities and will be used for the additional first grade section during the school term.

New flooring has been laid in Rooms 10 and 11 of the high school. Room 10 will be used for mechanical drawing classes and Room 11, for the sixth grade. They were formerly occupied by the vocational agriculture classes.

Heavier wire has been installed in all electrical circuits in the high school; automatic circuit breakers have replaced fuse boxes; and additional circuits have been used to better balance the load. New furniture has been installed in one high school classroom and all rooms have been cleaned and floors waxed and sealed. In the chemistry laboratory, the furniture has been rearranged to make it possible to hold several classes there and the high school library quarters have been enlarged with materials rearranged. Miss Ruth Westberg, high school English teacher, has charge of the library.

A blacktop play court at the rear of the high school, has been provided by cooperative effort of the community. Basketball, tennis, volleyball, badminton and other games can be played on the court. The exterior woodwork of the high school building has been painted and boys' and girls' locker rooms have been redecorated.

Advance registration of pupils who will enter kindergarten was held Monday and Tuesday. Superintendent Forry said the response has been excellent to the requirement that all pupils entering school for the first time this year have evidence of a satisfactory vaccination for small pox and shots for diphtheria. Any parent who is having difficulty in meeting the requirement should contact the school office

New Air Mail Stamp On Sale at Postoffice

A four-cent air mail stamp, which went on sale for the first time Friday at Philadelphia, Pa., in connection with the annual convention and exhibition of the American Air Mail Society, is being sold at the Marion postoffice beginning today.

The stamp was issued primarily for persons wishing to send souvenir postcards by air mail.

A blue stamp, about .75 by .87 of an inch in dimensions, features an artists's conception of an eagle in flight silhouetted against clouds and a shaded area of sky.

Poisonous carbon monoxide is the union of one carbon atom with one atom of oxygen instead of the two in harmless carbon dioxide.

Mount Gilead Schools Open

Full-Day Schedule Set Tuesday for Students

MOUNT GILEAD — Teaching assignments at the Mount Gilead School were announced this week by Supt. R. G. Blose.

The Mount Gilead School will open for a full day schedule Tuesday, Sept. 7. The cafeteria will open Wednesday.

Teaching assignments are as follows: first grade: Mrs. Oscar Lepp and Mrs. Mary Ward. There is one less teacher in the first grade as the first grade class is expected to be smaller than last year. Second grade, Mrs. Leland Rutherford, Mrs. Harold McCamman and Mrs. Lenore Rhodebeck; third grade, Mrs. Fern Riley and Mrs. Esther Smith; fourth grade, Mrs. Mabel Peterson and Mrs. Clarence Patzer; fifth grade, Mrs. Pauline Rowan and Mrs. Katherine Krallman; sixth grade, Mrs. Bernice Richardson, Mrs. Bernice Imhoff and Gene West. West will will also serve as part-time elementary principal.

High school: Mrs. Joseph Hubbert, mathematics; R. S. Beard, vocational - agriculture; Oscar Beck, music; DeWitte Nicholson, principal, chemistry and mathematics; Paul Zwayer, seventh and eighth grade mathematics and science and general business; Frank Truitt, physical education, world history, French, basketball and assistant football; John Marty, eighth grade history, geogrphy, physical education, football coach and assistant basketball coach; Mrs. Katheryn Zeigler, English; Glenn Wrenn, industrial arts; Kempten Oches, public speaking, American history and American government; Margery Clingo, girls physical education and science; Richard Poffenbaugh, driver's training, biology and general science; Mrs. Don Bowen, home economics; and G. R. Blose, administration. Mrs. Helen Buza has been hired as a commercial teacher in the Mount Gilead schools. She taught at Beech City near Wooster last year.

RULING UPHELD

WASHINGTON (AP)—The National Labor Relations Board has upheld a ruling of last March 9 by board examiner C. W. Whittemore, dismissing a union charge of unfair labor practices against the U.S. Gypsum Co. plant at Warren, Ohio.

4 Cars Stolen Here in August, All Recovered

A 100 per cent recovery of automobiles stolen in Marion during August was reported today in a monthly summary of department acuvities issued by Police Chief Thomas B. Coon.

During the month five cars valued at $4,439 were stolen and all were later recovered, Coon said.

Other stolen goods during the month raised the total to $6,529 with all but $1,480 worth of it recovered. This included theft of $809 in money with $280 of it recovered and returned to owners, $50 worth of jewelry and precious stones, all of which was recovered; and $1,230 worth of miscellaneous items of which $279 worth were recovered.

Four robberies were reported and three arrests made, two persons were arrested on assault charges, six in 24 breakins; none in three thefts of $50 or more, five in 33 thefts of $50 or less and four in the five automobile thefts.

National Committeeman Will Succeed Maybank

COLUMBIA, S.C. (AP) — Edgar A. Brown, South Carolina's National Democratic committeeman, was nominated yesterday by the State Democratic Committee to succeed the late Burnet R. Maybank as U.S. senator.

Selection by the state committee means almost certain election to the Senate for Brown, who broke with Gov. James F. Byrnes in 1952 and refused to join the independent South Carolinians for Eisenhower Movement. He campaigned strongly for Adlai Stevenson, who narrowly won this traditionally Democratic state's electoral votes.

Panelists Will Discuss Getting Start in School

Topic for Sunday's Marion Youth Forum will be "How Can Youth Get a Good Start in Our City Schools."

Members of the panel will be Judy Stein, Connie Bartram; Hank Rinnert and Murray Leeper. Honored guest will be Miss Helen May, Eber Baker Junior High School teacher. Harold Edwards is moderator.

The program will be heard Sunday at 3 p.m. over radio station WMRN.

SOPRANO, TRIO TO SING

Miss Evelyn Price, soprano, and the Polka Dot Trio with Jimmy Beverly, will be heard on the Marion Entertains program Sunday at 1 p.m. over Station WMRN. The program is produced and directed by Mrs. Griselda Davis Dombaugh.

Free distribution of seeds and the collection of statistical information accounted for much of the money spent by the Department of Agriculture in its early years.

Court's Income Increases Here

Receipts From Fines, Costs Total $10,541

An increase of nearly $2,000 in the income of Marion Municipal Court from fines, costs, and bond forfeitures during August was noted in a monthly report issued today by Mrs. Clara Fleck, clerk.

A total of $10,541 was collected in the criminal division of the court last month, compared with $7,827 collected in July and $9,781 collected in June, Mrs. Fleck reported.

Of this total, $7,925 was paid to the city treasurer; $2,067 to the state treasurer; $473 to the county treasurer; $15 to the state division of wildlife; and $60.76 to the Marion County sheriff's office for mileage and turn-key fees.

Of the $7,925 paid the city treasurer, $5,858 went to the general fund and $2,067, the city's half-share of state patrol fines, costs, and bond forfeitures, was earmarked for street repair and maintenance.

The city general fund also received $317 from costs collected in the civil division making a total disbursement from the court to the general fund of $6,175.

Detroit Man Killed In Six-Car Crash West of Columbus

COLUMBUS, Ohio (AP) — Pearl Davis Cook, 71, of Detroit died in Grant Hospital in Columbus early today of injuries received when he was trapped in his flaming car last night.

Cook's car was one of six involved in a smash-up a mile west of nearby Kirkersville. The state highway patrol said a heavy truck slammed into a line of cars waiting behind another truck which had stopped to make a left turn.

Cook's vehicle was hurled into the lane of oncoming traffic and hit by an eastbound car. Another car bounced by the original crash then hit again and ignited Cook's gas tank.

His wife, Mable G. Cook, 70, suffered possible back and internal injuries.

Rayburn Will Review 83rd Congress' Record

WASHINGTON (AP) — The National Broadcasting Co. announced last night that Rep. Sam Rayburn, House Democratic leader, will address a nationwide TV audience next week on the record of the 83rd Congress.

NBC said the former House speaker was invited to appear on a half-hour program beginning at 8 p.m. EDT, Friday, Sept. 10.

The program will originate at Ft. Worth. NBC said its radio network will carry the speech at a time to be announced later.

LABOR DAY RACES

A large field of strictly stock cars is expected Labor Day evening at the Richwood Speedway for the races sponsored by the Richwood Fair.

The program, which will include three heat races, winners handicap, two consolation events and feature will begin at 8:15 p.m.

Edward J. Ruzzo, Probate Judge, Marion County, Ohio

Case No. 20685
Aug. 28,Sept 4,11,1954.

NOTICE OF ROAD IMPROVEMENT IN PLATTED LANDS OUTSIDE A MUNICIPALITY

Notice is hereby given that following the filing of petitions signed by more than fifty-one (51%) of the owners of abutting real estate whose holdings would be specially assessed therefore, the Board of County Commissioners of Marion County, Ohio, have determined to improve the following described roads without a municipality.

Sunset Road in Clearview Sub-division and Lusch Road in Clearview Subdivision, both in Marion Township, Marion County, Ohio.

The compensation, damages, costs and expenses of said improvement have been apportioned to be paid in the following manner, to-wit: All the compensation, damages, costs and expenses including the costs and expenses of the engineering and inspection of said improvement shall be specially assessed according to benefits upon the real estate abutting upon said improvement, as provided by Section 5559.02 of the Revised Code of Ohio.

Copies of the surveys, plats, profiles, cross-sections, specifications and estimates for construction of the said improvements as prepared by the County Engineer of Marion County, Ohio, are now on file in the office of the Board of Commissioners of Marion County, Ohio, for the inspection of all persons interested therein.

Objections to said improvement and claims for compensation for land to be taken or damages to be sustained on account of the construction of said improvement will be heard by the Commissioners of said Marion County, Ohio, on Tuesday, September 7th 1954, at ten o'clock A.M., in their office in Marion, Ohio, and unless such claims are filed in writing with the Board of Commissioners on or before the time fixed for said hearing the same shall be waived except as to minors or persons under disability

By order of the Board of Commissioners of Marion County, Ohio, dated August 26th 1954.

W. S. Guthrie, Clerk
Board of County Commissioners

Aug. 28,Sept. 4,1954.

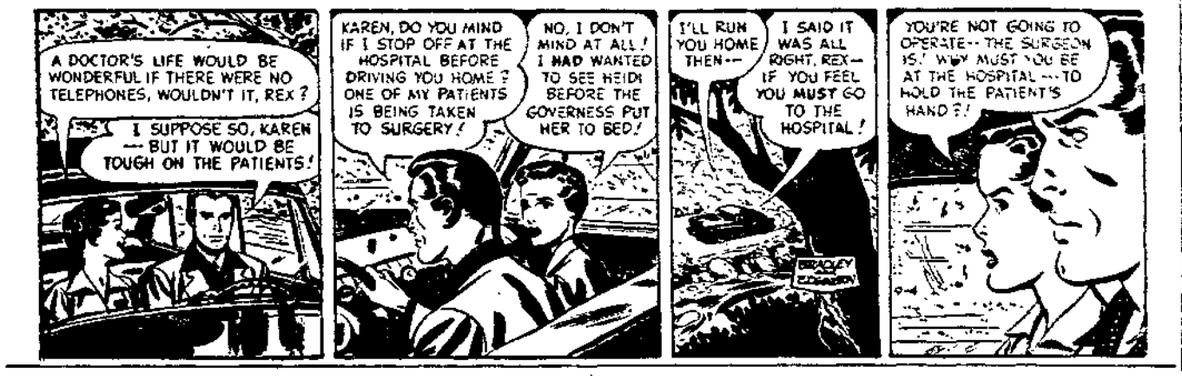
REX MORGAN, M.D. By Dal Curtis



A DOCTOR'S LIFE WOULD BE WONDERFUL IF THERE WERE NO TELEPHONES, WOULDN'T IT, REX?
I SUPPOSE SO, KAREN — BUT IT WOULD BE TOUGH ON THE PATIENTS!
KAREN, DO YOU MIND IF I STOP OFF AT THE HOSPITAL BEFORE DRIVING YOU HOME? ONE OF MY PATIENTS IS BEING TAKEN TO SURGERY!
NO, I DON'T MIND AT ALL! I HAD WANTED TO SEE HEIDI BEFORE THE GOVERNESS PUT HER TO BED!
I'LL RUN YOU HOME THEN—
I SAID IT WAS ALL RIGHT, REX—IF YOU FEEL YOU MUST GO TO THE HOSPITAL!
YOU'RE NOT GOING TO OPERATE—THE SURGEON IS! WHY MUST YOU BE AT THE HOSPITAL—TO HOLD THE PATIENT'S HAND?!

Request Made For Enlarging Of Smithsonian

WASHINGTON (UP) — Plans are being made to convert the Smithsonian Institution — already Washington's top tourist attraction — into a truly national museum representing the history, science, industry and engineering of the country.

Initial steps of the program were taken when Rep. George A. Dondero (R-Mich.), chairman of the public works committee of the House, introduced a bill in Congress to authorize appropriation for a new museum building for the Smithsonian. The legislation would provide for $990,000 for construction of a building to replace the Smithsonian's Arts and Industries Building.

Dr. Leonard Carmichael, secretary of the institution, has described the bill's introduction as encouraging and a step toward fulfillment of the Smithsonian's program to set up a museum depicting the technological and industrial growth of the United States which would be consistent with the traditions and the stature of the United States in the world.

The new structure would be located on the north side of the Mall in line with the National Gallery of Art and the National History Museum. The new museum would be more spacious than the old quarters now in use.

Dr. Carmichael has observed that the old building no longer is adequate for the large number of collections it must contain or for the 15,000 to 25,000 visitors it receives daily.

As described by Dr. Carmichael, a series of halls would be given over to periods of U. S. history with exhibits reflecting the life and thought of the various eras and their part in national development.

These periods would be illustrated with documents, machines, costumes, personal effects of prominent Americans, weapons and other objects from the various sections of the Smithsonian.

Other exhibits would depict the evolution of individual devices and objects with emphasis on the role they have played in the country's progress.

Novel Traffic Idea

SYRACUSE, N. Y. (UP)—Traffic court Judge Truman H. Preston has a novel idea of bringing to the attention of traffic violators the seriousness of their crime.

All speeders Preston said who are apprehended will be brought over to the smashed auto display in Clinton Square to impress upon them the necessity of safe driving.

The display of wrecks was arranged by the Rotary club.

News of the Churches

Rev. Ludwig Will Speak At Final Vesper Service

Final service in the series of union summer Sunday evening vesper services for Marion churches will be held tomorrow at 7 p.m. at Central Christian Church with Rev. L. Harrison Ludwig of Salem Evangelical and Reformed Church as speaker. Rev. Fletcher Shoup of Prospect Street Methodist Church will be devotional leader.

"Living for Christ" will be the sermon subject. The Choir of Salem Church will sing under direction of Mrs. Earl N. Hale. Ushers will be in charge of Lewis Hollenbach. Mrs. Merwin Crandall will preside at the organ.

Each summer the vesper services for the community are held during the summer months, concluding with Labor Day Sunday, under auspices of the Marion County Ministerial Association.

Offerings go to the program of Weekday Religious Education in the public schools sponsored by the Marion County Council of Churches of which Rev. Ludwig is president. Ten congregations and the Marion Christian Youth movement, young people's division of the Council of Churches, took part this year in providing the speakers and devotional leaders, musicians, and ushers for the various services.

Calvary EUB

Music at Calvary EUB Church in the morning will include a solo for the worship hour by Miss Marilyn Creasap. A meeting of the Council of Administration will be postponed until Sept. 13 because of the Labor Day holiday Monday. The Mary Martha Class will meet Tuesday night. Leader for prayer service and Bible study Wednesday night will be Miss Ruth Zachman, president of the Christian Service Guild. WSWS meeting will be Thursday night.

Church of Nazarene

Speaker at two services of First Church of the Nazarene tomorrow will be Mrs. Donald McWherter of Marion, taking the place of the pastor who is on vacation. She will be heard at the morning and evening worship hours. Missionary meetings will be held Wednesday night with the young people's chapter meeting in the basement auditorium and the adult group in the sanctuary.

Epworth Methodist

At morning worship service tomorrow, following a vacation time period of guest ministers in the pulpit, Rev. Walter C. Eyster pastor, will be in charge at Epworth Methodist Church. George W. Lane, soloist, will present the number, "I Talked to God Last night," Guion.

Committee, commission, and official board members of the church will meet for a covered dish dinner Tuesday at 6 p.m. followed by a business session. church officials will meet with Rev. Harold Kellogg, district superintendent, at 7:30.

A special meeting of the WSCS with husbands of the members as guests will be held Thursday night in Fellowship Hall. A film, "The City Story," will be shown. Devotions will be by the Lucy Webb Hayes Circle.

New members will be welcomed at a meeting of the Explorer Scouts Thursday night in the Nursery Room of the church. Boys from 14 to 18 are invited to attend. No previous Scouting experience is necessary, it was announced. Parents are invited also.

Oak Knoll Baptist

Building Fund Sunday will be observed tomorrow by the Oak Knoll Baptist Chapel. In line with efforts in behalf of the project planned to provide a new worship center for the congregation, the theme being used at both the Youth Fellowship meeting and worship services is "Building for Eternity." The young people's group is active in promotion of the work and will hear a report on progress to date at the meeting tomorrow night preceding the worship hour.

Jehovah's Witnesses

The public lecture at the Jehovah's Witnesses Kingdom Hall tomorrow at 7 p.m. will be on "The Great Sign of the Times." For Bible study at 8:15 the subject for discussion will be "The Purpose of Your Witnessing." Tuesday night Bible study topic will be "Corrupting of the Righteous World," and the theme at Ministry School Thursday night will be "Working With the Theocratic Organization."

Emanuel Lutheran

Communion will be celebrated at the service at Emanuel Lutheran Church tomorrow morning. Assisting the pastor, Rev. M. E. Hollensen, will be Ralph Herman, a senior theological student at Capital University, Columbus.

Members of the Luther League will meet at the church at 3:15 p.m. Tuesday and then will motor to Lutheran Memorial Camp at Fulton, for their first meeting of the fall season. The installation of the newly elected officers will take place at this meeting.

Classes in religious education for boys and girls of grade-school age will begin next Saturday morning in the educational building, seventh graders meeting 9 to 10:30, and eigth graders, 9:30 to 11. Pupils from the first thru the sixth grades will meet at 11. Assisting the pastor will be Mrs. Ralph Roby, Mrs. Floyd Lytle, Mrs. James Lytle, and Mrs. Carl Sims.

The Junior Mission Band, Mrs. Norman Fogt, director, will meet in the educational building at 2 p.m. Saturday. Linda and Susan Dripps will conduct the opening devotional service.

Prospect Street

Tomorrow will be the final Sunday for the early morning worship service at Prospect Street Methodist Church. Two worship hours were scheduled for the summer months, the early service at 8:40 a.m., and the regular worship time, 10:30. Soloist tomorrow morning will be Mrs. Mary Weaver. Wesleyan Service Guild meeting and hamburger fry will be Tuesday at 6:30 p.m.

Wesley Methodist

Special soloist at Wesley Methodist Church in the morning will be Mrs. Gloria Ruth. The sermon will be in keeping with Labor Sunday. Plans are being made for resuming Sunday evening services the following Sunday. The Commission on Education will meet Tuesday night. Following prayer meeting Wednesday night, the Commission on Evangelism will meet.

The pastor, Rev. W. L. Stafford, will be heard on the Morning Meditations radio program over Station WMRN Thursday at 8:15. Circle 1 will be entertained Tuesday afternoon by Mrs. Florence Saxton. WSCS meeting will be Thursday at 2 p.m. preceded by executive session at 1:30.

Central Christian

Worship service at Central Christian Church in the morning will include talks by the young people on their camp experiences during the summer. Those reporting from the CYF will be Miss Sally Campbell, Miss Peggy Jones, Miss Diane Kingsley, and Miss Beverly Mishler. Members of Chi Rho who will report are Earl Crall, Vance Creviston, and Dick Frazier. There will be installation of officers for the CYF.

The furnishings committee for the sanctuary will meet Tuesday night. First choir rehearsal of the fall season will be held Wednesday at 7:30 p.m. All former members of the choir and others interested are invited to be present. The first program of the Christian Women's Fellowship will be held Thursday at 8 p.m. All women of the church are members of the CWF and are invited to be present, Rev. Ashley Booth, pastor, announced.

Emmanuel Baptist

Last of a series of messages on Bible prophecy for the summer will be given at Emmanuel Baptist Church tomorrow night by the pastor, Rev. C. E. Hershey. Its purpose will be to "depict the coming of the Lord and discuss the signs of the present times in relation to this event."

Weekly prayer services on Wednesday nights will be returned to the 7:30 hour which during the summer was advanced to 8 o'clock. The pastor will begin next week a series of studies on "The Standing and State of the Believer." He will use an explanatory chart in the presentation.

Christian Science

The ability, power, and sinless perfection which characterize man's real nature in God's likeness will be brought out at Christian Science services Sunday.

The Lesson - Sermon entitled "Man" includes the following passages from the King James Version of the Bible (Ephesians 4:7,13):

"But unto every one of us is given grace according to the measure of the gift of Christ . . . Till we all come in the unity of the faith, and of the knowledge of the Son of God, unto a perfect man, unto the measure of the stature of the fulness of Christ."

First Presbyterian

Returning to Marion as guest planning meeting will be held preacher, Rev. Hastings Eells of Delaware will fill the pulpit of First Presbyterian Church for the morning worship service tomorrow.

First E. and R.

In keeping with Labor Day Sunday, the sermon at First Evangelical and Reformed Church tomorrow will be on a theme relating consecration to craftmanship. Because of the Monday holiday meeting of the Consistory will be held a week later than usual, Sept. 13.

St. Paul's Episcopal

Returned from vacation, the rector, Rev. Frederick W. Leech, will conduct communion service at St. Paul's Episcopal Church tomorrow at 9 a.m.

Missionary Alliance

As a candidate for the pastorate of the Christian and Missionary Alliance Church here, Rev. E. W. Smillie of Sandusky will speak at the church services tomorrow. He will be heard both in the morning and the evening hour.

Salem E. and R.

Church School emphasis this month at Salem Evangelical and Reformed Church is "Back to school — back to church." In the morning, the pastor will give a sermon in keeping with this idea.

Under the theme "I am an American," the Women's Guild has arranged a special meeting for all church members for Tuesday night to hear a discussion on Marion's proposed Charter Government plan. Walter D. Moore, Marion attorney, will be the speaker. Questions considered will include "What is the best form of government for Marion?" with the idea in mind that "every citizen should vote intelligently on this issue in November — every Christian should be informed."

Sermon Topics

First Presbyterian, "Founded on a Rock."

Emanuel Lutheran, "Take Heed That Ye Do Not Your Alms Before Men."

Epworth Methodist, "Working for Things Worthwhile."

Calvary EUB, "Half - Baked Christianity."

First Evangelical and Reformed, "Consecrated Craftsmanship."

Salem Evangelical and Reformed, "Why People Don't Go to Church."

Trinity Baptist, "The Fullness of Christ."

Central Christian, "Youth Reports."

Prospect Street Methodist, "The Touch of the Master."

Wesley Methodist, "How To Enjoy Your Work."

First EUB, "The Booby Prize."

Oakland EUB, "Walking and Working for God," and "Kindling Your Fire."

Greenwood EUB, "David's Crying Need," and "Let's Go to Church!"

First Church of the Nazarene, "A Review of the Book of Ruth," and "Spiritual Persuasion."

Forest Lawn Presbyterian, "Achievement."

St. Paul's English Lutheran, "Our Labor Union."

Fite Memorial Baptist, "The Middle Cross," and "The Cause of Strife."

Church of Christ, "A Man of Etheopia," and "How Are We Saved?"

Lee Street Presbyterian, "Jesus the Pace Setter."

Emmanuel Baptist, "The Command To Be Baptized," and "One Minute Until Twelve."

Maranatha, "Possessing Your Possessions."

Oak Knoll Chapel, "What Is a New Testament Church?"

Education Director

Rev. Warren Lindstrom Named Trinity Assistant

Rev. Warren W. Lindstrom of Marion has accepted a call by Trinity Baptist Church to become director of Christian education for the congregation and assistant to the pastor, Rev. J. B. Holloway.

Having served an internship as pastor of the Likens Covenant Church in the Marion rural area during the last year, he terminated his period of service there Tuesday.

—:—

UPON RECOMMENDATION of the Trinity Church board of education and board of deacons, official action was taken by the church in business session Wednesday to extend to him the call to the new post, his services to begin immediately. His duties will center in the field of Christian education and visitation. He and his wife and two children will reside at 807 E. Center St.

A native of Iron River, Mich., he was graduated from Stambaugh High School in 1943 then served in the U. S. Navy from 1943 to 1946. In 1948, he was graduated from Moody Bible Institute at Chicago, Ill., in Christian education. After graduation from North Park College in Chicago in 1950, he was enrolled in North Park Seminary, then was graduated from Michigan State College with a Bachelor of Arts degree in elementary education in 1952, with major in English and minor in music and fine arts. He took a course in sociology at Michigan State Normal College.

—:—

DURING THE school year of 1952-53, he taught a fifth grade public school class before coming to Marion. A licensed minister of the Evangelical Mission Covenant Church, he took over the pastorate here in 1953. Experiences qualifying him for his new work also include assistant leadership of a Boy Scout Troop, teaching in various departments of Sunday School, Sunday School superintendent work two and a half years, and superintending vacation Bible Schools.

REV. WARREN W. LINDSTROM
Accepts Call From Marion Church

In Chicago he taught in Weekday Church School classes, counseled and interviewed boys at the Juvenile Detention Home, conducted weekly services in an orphanage for a year, served as camp counselor and sports director, taught a teacher - training course and Bible study classes, sang in various vocal groups, and led chorus and choir groups.

Witchery of Worldliness

A Sermonette

By REV. CLYDE R. WENDELL
Pastor of Calvary Evangelical United Brethren Church

II. Timothy 4:10 Demas hath forsaken me, having loved this present world."

This text is taken from among Paul's final words to the saints. He was near the end of his life and the import of his letter to this "his son in the gospel" is that what he lived by was sufficient to die by.

Here he bears glad witness to God's faithfulness, yet mourns for those who proved unfaithful.

The text might well be termed "the epitaph of a former saint." It is the last mention that we have of Demas in the Scriptures.

Mark, a young companion of Paul and Barnabas on their first missionary journey, showed the white feather also and came back home when the going became hard, but later on redeemed himself in the eyes of God and the apostle, and Paul writes of him in another place "bring Mark for he is profitable to me for the ministry."

Not so with Demas. Demas had associated with Paul during his first imprisonment, and was referred to by the apostle as a "fellow laborer." He shared the hopes and dreams of his intrepid leader and went forth preaching with him and possibly faced physical dangers in his endeavors. But that is all past now. He has deserted the apostle, who physically broken in strength, is living under the shadow of the headsman's axe.

—:—

WHAT WERE THE antecedents to his desertion? What constituted the "Pull" of worldliness that caused him to walk out on Paul his friend? The account doesn't indicate that he had committed some heinous crime or indulged in some ugly moral misdemeanor. It simply says he "loved this present world."

The implication here and elsewhere in the world seems to be that love for the world and love to God cannot exist in the same heart. He ceased to live "with a margin" between himself and the subtle influences of a sinful environment. His experience is a commentary on another scripture: "Love not the world, neither the things that are in the world. If any may love the world, the love of the Father is not in him."

When mammon moves in then God moves out. Jesus said that His Kindgom was not of this world, hence His subjects are not worldly. The Master severely rebuked Peter on one occasion saying, "thou savorest not the things that be of God, but the things of men," in other words, he was talking in the language of the world.

—:—

WHAT IS THIS WORLD that the Scriptures forbid us to love? Not the physical universe surely with all its beauty, nor the world of men made in the image of God. We become Christ-like as we love our fellowman.

But it is that intangible, invisible something that keeps the world from being Christlike. It is that "do as we please" spirit — the spirit of selfishness that manifests itself in an inordinate love of ease, honor and wealth. It is that spirit that leads us away from God even though in our daily pursuits we may be seeking something that the majority of our fellow beings sanction.

Perhaps the pleasure-perfumed atmosphere of Rome began to filter into the soul of Demas as he saw the crowds going their own selfish way, and seemed to make a success of it all. Imagine him with Paul and some other Christians down in one of the catacombs of Rome during those troublesome days holding a divine service. Paul is preaching, but the mind of Demas is out on the streets of the city. Paul perhaps is saying "the things that are seen are temporal, but the things that are not seen are eternal." Doubt, however, has seeped into the heart of Demas and he listens to the voice that whispers "better take the cash and let the credit go," and what hardships could not accomplish the subtle allurements if the world did.

—:—

WHAT IS OUR protection against this witchery of worldliness? How can we prevent the "cares of this life and the deceitfulness of riches" from robbing us, as Christians, of the abiding presence of the Christ?

First, we must be conscious that there is a grave danger of backsliding. The possibility is evident because of the many warnings of the Scriptures about making spiritual shipwreck of our lives.

Next, we must keep our hearts warm with love for Christ by the reading of His word, daily prayer and consecrated service in endeavoring to bring others to Him.

Then there must be a complete consecration of ourself to the point where we can say with the apostle Paul "God forbid that I should glory save in the cross of our Lord Jesus Christ by whom the world is crucified unto me and I unto the world."

And finally we must live each day in expectation of the return of the Master with our affections on things above not on things on the earth.

St. Paul's Lutheran

For Labor Sunday at St. Paul's English Lutheran Church, the pastor, Rev. M. L. Dolbeer, will give a sermon centered on the thought of the Christian's "labor union" at morning worship. Senior Catechetical Class will begin fall work next Saturday at 2 p.m.

Forest Lawn

Members of Forest Lawn Presbyterian Church will provide a service tomorrow afternoon for the Waddell Ladies' Home on E. Center St. Devotions will be led by the pastor, Rev. F. E. Kline. Mrs. Ed Webb, accompanied by Mrs. J. E. Porter, will sing two numbers. For morning worship at the church tomorrow, special music by two groups will be "River of Grace," Lillenas, Junior Choir, and "Tell Me His Name Again," Benard, Senior Choir.

Deaths and Funerals

Mrs. Anton Spaeth

BUCYRUS—Mrs. Helen G. Spaeth, 56, of Bucyrus, mother of a Marion resident, died Friday at 6:05 p.m. at the home of a daughter, Mrs. Joseph Sherbundy of 859 Marion Rd. She had been residing there for the past several months during her illness. She had been ill for two years.

Born Oct. 23, 1897 in Bucyrus, she had resided there her entire life. She was a member of Holy Trinity Catholic Church here, the Altar Society of the church and Catholic Ladies Study Club.

Her marriage to Anton Spaeth, captain of the Bucyrus police force, was on July 17, 1923. He survives with the parents, Jacob and Charlotte Cosgrove Kramer; the daughter; a son, Robert Spaeth of Marion; and a sister, Mrs. Kenneth Morton of Crestline.

Funeral services will be held Monday at 9 a.m. at the Holy Trinity Catholic Church with Rev. Leo Reinartz officiating. Burial will be in Holy Trinity Cemetery.

Friends may call Sunday evening at the Munz Funeral Home.

Mrs. Charles Brouse

SYCAMORE—Mrs. Mary Helen Brouse, 72, wife of Rev. Charles F. Brouse, retired pastor of the Evangelical and Reformed Church here, died at 11:20 p.m. Friday in Wyandot Memorial Hospital at Upper Sandusky. She had been seriously ill three months and in the hospital five weeks.

Born July 9, 1882, in Massillon, O., she was a daughter of Edmond Pease and Ida Weimer Pease. Her marriage to Rev. Brouse took place Sept. 27, 1911.

Rev. Brouse served as pastor of the E. and R. Church here more than 25 years, retiring a few months ago because of ill health. He is a patient in the Wyandot Memorial Hospital.

Mrs. Brouse was a member of the E. and R. Church. A resident of Sycamore 26 years, she came here from Farmersville, O.

Surviving besides her husband are a son, C. Fred Brouse of Sycamore; three grandchildren; four sisters and two brothers, Mrs. Herbert Schiefer of Cleveland, Mrs. Jesse Browne of Grand Rapids, Mich., Mrs. Margaret Sotzen of Shiloh, O., and Miss Gertrude Pease of Cleveland, John Pease of Bellville, O., and Wellington Pease of Massillon. Three sons, a daughter and a sister proceeded her in death.

Funeral services will be conducted at 2 p.m. Monday at Moore's Funeral Home by Rev. Paul E. Deppen, pastor of the Trinity E. and R. Church at McCutchenville. Burial will be made in Pleasant View Cemetery. Friends may call at the funeral home after 7 tonight.

Benjamin Ackley

Benjamin Ackley, 89, of 553 E. Center St. died today at 10:30 a.m. at the home.

Born June 25, 1865, in Athens County, his parents were George W. and Elizabeth Rush Ackley, both natives of Pennsylvania.

He was formerly a farmer and realtor north of Marion, and moved to Marion one year ago. He was a member of Central Christian Church.

His marriage to Nannie J. Guthrie was in Athens. She survives with five children, Mrs. Richard Gearhiser of Prospect, Wallace F. Ackley of Columbus, Hubert C. Ackley of north of Marion, Huston B. Ackley of Prospect and George Stanford Ackley of Reynoldsburg, O.; 10 grandchildren; three great grandchildren; and a brother, Austin Ackley of Hart, Mich.

Funeral services will be held Tuesday at 2 p.m. in the Merle H. Hughes Mortuary with Rev. Ashley Booth officiating. Burial will be in Marion Cemetery.

Friends may call after noon Sunday at the funeral home.

-Funeral Services-

George E. Wynn — Sunday 2 p.m., Ford Funeral Home in LaRue. Burial in Otterbein Cemetery near Prospect. Friends may call at the funeral home.

Wilfred P. Osborn — Monday 2 p.m., First Presbyterian Church, Upper Sandusky, Rev. Chester Evans, burial Oak Hill Cemetery. Friends may call at the Bringman & Co. Funeral Home in Upper Sandusky tonight after 7 until Monday noon, then at the church after 1 p.m.

More than half a million people have seen the heavens as portrayed by the only planetarium on a college campus—the Morehead Planetarium, at the University of North Carolina in Chapel Hill, which was opened in May, 1949.

Man Learns He's Had Knife Blade in Head for 28 Years

PHILADELPHIA (AP) — Part of a 3½ inch knife blade has been removed from 44-year-old Harry Stone's head after being imbedded there—unknown to Stone—for 28 years.

Stone, a chemical worker, went to Einstein Medical Center last Friday complaining of a severe headache which had plagued him the past few years.

X-rays disclosed the knife blade. Stone, puzzled at first, finally recalled having been stabbed in a street fight 28 years ago. Doctors said the knife blade broke off and passed up the paranasal sinus—an air space behind the nose.

The rest of the knife will be removed in a later operation.

Farmer Charged In Brutal Beating Of Infant Children

CORINTH, Miss. (AP)—A farmer accused of beating his two infant daughters was released on $10,000 bond yesterday.

M. O. Holloway of near Rienzi, Miss., was charged with assault and battery with force likely to produce death. He was placed in $5,000 appearance bond and $5,000 peace bond after a preliminary hearing here.

Mrs. Holloway said her husband broke their 9-month-old daughter's leg last January and had since broken the child's arm twice. Their 2-year-old daughter was once beaten so badly surgery was necessary, the mother said.

She also testified Holloway often stopped the children from crying "by holding his hands over the mouth and nose until they would pass out."

Alcorn County Atty. N. S. Sweat said Mrs. Holloway told officers she failed to report the beatings earlier because her husband threatened to kill her if she complained to the police.

John Robert Deed Dies At Green Springs, O.

John Robert Deed, 28, of 565 Tyler St., died Friday at 11:50 p.m. in the Oak Ridge Sanatorium at Green Springs, O. He was a native of Urbana.

He is survived by his father, his mother, three sisters, four nephews and three nieces.

The body was taken to the Allen Funeral Home in Urbana where funeral arrangements are being made.

Albert Waters Stricken By Heart Attack, Dies

Albert Waters, 58, died of a heart attack at 11:30 a.m. today at his home, 406 S. Grand Ave.

The inhalator squad from the Fire Department was called and worked for 15 minutes in an attempt to revive him. He was rushed to City Hospital but was pronounced dead on arrival there.

The body was taken to the Merle H. Hughes Mortuary on Mt. Vernon Ave. where friends may call after noon Sunday.

CALLED HERE BY DEATH

Mr. and Mrs. Richard Haflich of Hutchinson, Kansas, and Mr. and Mrs. Robert Biesel of Indianapolis, Ind., have returned to their homes after being called here by the death of Mrs. Warren Wise. Mrs. Wise was an aunt of Mr. Haflich and Mrs. Biesel, who formerly lived in Marion.

HOME DAMAGED

NEVADA — The home of Mr. and Mrs. Paul Gross in Nevada was damaged when lightning struck it at the height of the storm Thursday evening. It hit the southeast corner of the building, tearing off a portion of the roof, and then damaged electrical appliances in the kitchen and living room. Both Mr. and Mrs. Gross were out of the house at the time.

BEGIN TOUR

MILLERSBURG, Ohio (AP)—Ralph W. Conley, national director of the Affiliated Ancient Car Clubs of America, says more than a score of vintage automobiles will leave Uniontown, Pa., today on a tour that will take them 400 miles through Pennsylvania, West Virginia and Ohio. The cars were to chug into Clarksburg and Parkersburg, W. Va., today, hitting Coshocton and Uhrichsville, Ohio, Wheeling, W. Va., and Waynesburg, Pa., tomorrow.

Confident Living

By NORMAN VINCENT PEALE

How To Feel a Sense of Freedom

While in Texas last spring I had to take a five hundred mile trip to make a speech A friend of mine was kind enough to offer me the use of his private plane

DR. PEALE

I met the plane at the Austin airport It looked very very small I'd never been in a single engined plane before and as I stood near it I felt almost as big as he plane

I got in beside the pilot and asked dubiously, 'Will this thing go?"

"Yes," he replied, very seriously

"When you get it in the air will it stay up?"

"I guess so,' he said 'Let's try it'

It was the quickest take-off I have ever experienced Almost instantly we were over the city, heading west I began to ask questions about handling the plane, when, suddenly he swung the stick over to me and told me, "You fly it

"How do I fly it" I asked.

— —

HE EXPLAINED how to use the stick and I took over It was a thrilling experience, and I became very enthusiastic It was like sitting on the edge of a postage stamp away up there in he sky Then, all of a sudden, a wonderful feeling came over me I was flying a plane six or seven thousand feet up, I was master of all I could see The pilot then told me to head for a river forty miles away and steer by that I did and I flew that plane for one hundred and fifty miles I was feeling so good that I told the pilot I'd like to have a plane like it with the words "The Flying Parson" on one side, and "The Sky Pilot' on the other

"I know how you feel" he said

We arrived at San Angelo and he came along to my lecture with me When we got to the airport for our return trip, it was pitch dark He had to look for our plane with a flashlight Then he seemed to have a little trouble getting the engine started

"Do you think it s going to start" I asked, nervously

He grinned 'It's just like an automobile, you grind until it starts" Soon enough, we were able to take off

"How do you know where we're going?"

"This thing here is a compass," he told me.

— —

AS WE SAILED ALONG in that black sky, we could see lights of cities a hundred miles away The pilot looked at the lights with me and said, 'It's only when I'm riding up here in this vastness that I feel a real sense of relief and freedom

Too many of us have to climb into some private world of our own to feel this sense of relief and freedom You really don't need an airplane to do it or a change of scenery You can do it in the midst of a busy life, among people and in familiar places You can do it in your own heart and mind and it s something every one needs

The philosopher Immanuel Kant equated the two when he wrote "There are two things that fill me with constantly increasing admiration and awe the longer and more earnestly I reflect on them The starry heavens without and the moral law within In other words he is saying that the most stupendous sight in the world is the starry heavens but there is something else in all of us equal to it

The freedom my pilot friend found in the skies, we can all find inside ourselves Those of us who are fortunate enough to live in democratic countries know what is meant by 'freedom under the law" The same principle applies to the inner freedom you can find under the law—the law of God—within.

(Post Hall Syndicate)

ORDERS END TO STRIKE

CLEVELAND (AP) — On orders from international union President David J McDonald of Pittsburgh, a strike of 50 CIO united steelworkers at Republic Steel Corp was called off last night after three days McDonald told local union officers to get the men back to work because the strike by cranemen over grievances was unauthorized The cranemen s walkout resulted in idleness of 550 other workers and threatened to shut down the big plant here

Enough water is stored behind Shasta Dam to provide every person in the United States with 9,000 gallons.

Previews of the Coming Attractions at the Local Theaters

JACK WEBB AS SGT. JOE FRIDAY continues to probe a suspect for evidence as Ben Alexander as Officer Frank Smith stands by in the above scene from the film, "Dragnet," the current attraction through Wednesday at the Ohio Theater.

Webb's 'Dragnet' Current Attraction At Ohio Theater

Current attraction at the Ohio Theater is "Dragnet," new full length feature production of the famed radio and television show. It will play through Wednesday.

Starring Jack Webb as Sgt. Joe Friday, "Dragnet" is a story of the police department's super-secret intelligence division. Webb is supported by Ben Alexander as Officer Frank Smith.

It is reportedly the first story ever released by the Los Angeles Police Department's intelligence division for motion picture filming. For the film, the case history of the "Red Spot" gang was used. For the first time in connection with a story on "Dragnet," a policewoman is used to help them in the solution of the crime. Ann Robinson portrays that role.

Starting Thursday will be Darryl F. Zanuck's production of "The Egyptian," in color and Cinemascope. Daily matinees will be held during this engagement only.

The film relates the turbulent story of an Egyptian era 14 centuries before Christ. The star-studded cast is headed by Jean Simmons, Victor Mature, Gene Tierney, Michael Wilding, Bella Darvi, Peter Ustinov and Edmund Purdom as the Egyptian.

"The Egyptian" tells of Sinuhe, played by Purdom, and his three loves. Involved are his violent infatuation with Nefer, the Babylonian temptress, played by Bella Darvi, his sharp and bitter love for the Princess Baketamon, portrayed by Gene Tierney, who turns to Horemheb, Victor Mature, in revenge, and his love with the barmaid, Merit, played by Jean Simmons.

Marion Bills 'Lone Gun,' 'Stand at Apache River'

"Stand At Apache River" and "The Lone Gun," will be shown Sunday and Monday at the Marion Theater.

In color and starring George Montgomery and Dorothy Malone, "The Lone Gun" concern a Marshal who, disgusted with a lynching in his town, turns in his badge and leaves for another city where he comes upon another form of injustice. A group of rustlers is taking advantage of an indebted ranch-owner and his sister to allow the rustler to graze their stolen cattle on their ranch.

Billed for Tuesday and Wednesday are "It's A Pleasure" and "Cave of Outlaws." The former stars Sonja Henie with Michael O'Shea, Marie McDonald and Bill Johnson, and heading the cast in the latter are Macdonald Carey and Alexis Smith with Edgar Buchanan and Victor Jory.

The former, in technicolor, presents the stormy love affair of two professional skaters against a background of dazzling ice routines and hockey games. The story in the latter concerns a search for hidden gold.

Thursday through Saturday, the attractions will be "Riding Shotgun" starring Randolph Schott, Joan Weldon and Wayne Morris, and "Southwest Passage" with Rod Cameron, Joanne Dru, and John Ireland.

In the former, a stagecoach guard, whose job it is to protect the passengers and cargo of the stage, is suspected of being one of the thieves during a holdup. It then is up to him to protect himself until the real ciminals are caught. The latter is concerned with the attempt of Captain Edward Fitzpatrick Beale to blaze a shorter route to California across the American Desert in 1857 by organizing the first camel train imported from North Africa.

Martin and Lewis Star In South Theater Movie

Playing Sunday and Monday at the South Drive-In Theater will be "Money From Home," technicolor production starring Dean Martin and Jerry Lewis.

Martin is cast as a New York gambler who is forced to fix a race in Maryland because a big time syndicate head has cornered the market on his IOU's. Martin elists the aid of his veterinarian cousin Lewis and the plot thickens when both fall in love, Martin with the girl who owns the horse to be "fixed" and Lewis with the horse's veterinarian.

Featured Tuesday and Wednesday will be "Forever Female" which stars Ginger Rogers, William Holden, Paul Douglas and Pat Crowley.

The story concerns Ginger Rogers as a mature stage actress who still insists on playing young romantic parts. Holden, who has written a play about a nineteen-year-old girl, meets Miss Rogers' ex-husband, Douglas, and Douglas agrees to produce the play if Miss Rogers is cast as the girl. Complications arise when Miss Crowley, a struggling young actress who wants the part, enters the picture.

"The Stand At Apache River" is billed Thursday through Saturday. The technicolor production stars Stephen McNally, Julia Adams and Hugh Marlowe.

Feature at Palace, 'Betrayed,' Stars Gable and Turner

"Betrayed," a suspense-filled drama co-starring Clark Gable, Lana Turner, Victor Mature and Louis Calhern, and "Roogie's Bump," featuring the Brooklyn Dodgers and introducing Robert Marriot, will be a double feature attraction Sunday through Wednesday at the Palace Theater.

In "Betrayed," Gable enacts a Dutch spy chief, Col. Pieter Deventer who, when Holland falls to the Nazis, is able to make his escape with the help of a guerilla band and its leader, a man known only as The Scarf and portrayed by Victor Mature. Smuggled to England, Deventer is assigned the espionage training of a Dutch girl, Carla Van Oven, played by Lana Turner, and falls in love with her. Posing as a German collaborator, Carla is parachuted into Holland to become liaison between the British and The Scarf.

The Scarf's destruction of German installations turns to a tragic reverse with appalling losses of Dutch lives. Realizing that treachery is responsible, Deventer suspects Carla, who, in turn, accuses The Scarf of luring his own countrymen to their deaths. With the fate of hundreds of men dependent on the outcome, Deventer sets a trap for the betrayer.

"Roogie's Bump" concerns the plight of a small boy who has a murderous pitching arm. It tells what happens to both boy and team when they get together on the diamond.

Billed for Thursday through Saturday is another double feature, "About Mrs. Leslie" and "Tobor The Great." The former stars Shirley Booth and Robert Ryan, and heading the cast in the latter are Charles Drake, Karin Booth, Billy Chapin, Taylor Holmes and Steven Geray.

The tale in "About Mrs. Leslie" concerns an unusual friendship between a night club singer and a nationally known industrialist. It is a unique affair in that they see one another only six weeks out of the year during an annual vacation. Also, the woman does not know the real identity or background of the man.

In the latter, a drama of international intrigue, a mechanical man is invented and built by two American scientists. Their idea is for it to pilot the first experimental space ship into space. Enemy spies immediately attempt to steal the formula for his manufacture so that similar mechanical men can be built for destructive purposes.

The Week's Top Features

PALACE

Sunday-Wednesday — Double feature, "Betrayed" starring Clark Gable, Lana Turner, Victor Mature and Louis Calhern, and "Roogie's Bump" featuring the Brooklyn Dodgers and introducing Robert Marriot.

Thursday-Saturday — Double feature, "About Mrs. Leslie" starring Shirley Booth and Robert Ryan, and "Tobor The Great" with Charles Drake, Karin Booth, Billy Chapin, Taylor Holmes and Steven Geray.

OHIO

Now playing through Wednesday —"Dragnet" starring Jack Webb and Ben Alexander.

Starting Thursday — "The Egyptian" starring Jean Simmons, Victor Mature, Gene Tierney, Michael Wilding, Bella Darvi, Peter Ustinov and Edmund Purdom.

NORTH DRIVE-IN

Sunday-Tuesday — "The Egg and I" starring Fred MacMurray and Claudette Colbert.

Wednesday - Saturday — "Susan Slept Here" starring Dick Powell and Debbie Reynolds.

MARION

Sunday-Monday — "Stand at Apache River" and "The Lone Gun."

Tuesday-Wednesday — "It's A Pleasure" and "Cave of Outlaws."

Thursday - Saturday — "Riding Shotgun" and "Southwest Passage."

STATE

Sunday-Monday — "Drums of Tahiti" and "Black Horse Canyon."

Tuesday-Wednesday — "Two Gals and A Guy" and "Sixteen Fathoms Deep."

Thursday-Friday — "Sailor of the King" and "Sabre Jet."

Saturday — "Kentucky" and "Northwest Stampede."

SOUTH DRIVE-IN

Sunday-Monday — "Money From Home" starring Dean Martin and Jerry Lewis.

Tuesday-Wednesday — "Forever Female" starring Ginger Rogers and William Holden.

Thursday-Saturday — "The Stand At Apache River" starring Stephen McNally and Julia Adams.

DEBBIE REYNOLDS is shown admiring a picture of Dick Powell from a scene in the movie, "Susan Slept Here," which opens Wednesday at the North Drive-In Theater. A first run hit, it is in technicolor.

2 Technicolor Films Are Scheduled at State

Two technicolor films, "Drums of Tahiti" and "Black Horse Canyon," will make up the double feature bill for Sunday and Monday at the State Theater. The former stars Patricia Medina and Dennis O'Keefe, and heading the cast in the latter are Joel McCrae and Marc Blanchard.

Janis Paige and Robert Alda are stars of the film, "Two Gals and a Guy," which will be the main attraction of a double feature Tuesday and Wednesday. Completing the billing will be "Sixteen Fathoms Deep" with Arthur Lake and Lon Chaney.

The attractions Thursday and Friday will be "Sailor of the King" starring Jeff Hunter and Michael Rennie, and "Sabre Jet" with Robert Stack and Coleen Gray.

Saturday only, the theater will show "Kentucky" starring Loretta Young and Richard Greene, and "Northwest Stampede" with Joel McCrae and Joan Leslie.

'Susan Slept Here' Opens Wednesday At North Drive-In

"The Egg and I," which stars Fred MacMurray, Claudette Colbert and "Ma and Pa Kettle," Marjorie Main and Percy Kilbride, will be playing Sunday through Tuesday at the North Drive-In Theater.

The story concerns a pair of innocent city slickers attempting to overcome the rigors of running a rundown farm. Miss Colbert and MacMurray trade the big town "rat race" for chicken ranching and what happens when they battle ornery livestock, unpredictable elements and rural conventions makes for a funny plot.

Featured Wednesday through Saturday will be "Susan Slept Here." The first run technicolor production stars Dick Powell, Debbie Reynolds and Anne Francis.

Powell is seen as a Hollywood writer and attractive man about town who offers temporary refuge to Miss Reynolds, a girl about 18, so she won't have to spend Christmas in jail on a delinquency charge. He wants to study her for a movie script he is writing but she misunderstands his motives and when his fiancee, svelte society beauty Anne Francis discovers Miss Reynolds making herself at home in his bachelor apartment, the fun comes fast and furiously.

The famous Kahn test for syphilis was developed in Michigan Department of Health laboratories.

Our Resources

By George Sokolsky

Dr. Isador Lubin, long a government economist, and Forrest D. Murden Jr., also an economist, have prepared a pamphlet, "Our Stake In World Trade," in which the excellent point is made that whereas we only have six per cent of the world's population, we produce about 40 per cent of the world's output. Having said that, they proceeded to tell us how dependent we are on the rest of the world:

SOKOLSKY

"Have you ever imagined what it would be like if we were to be shut off from the products of other things, our larders would be would happen to our standard of living if we tried to manage solely with what we could produce within our own borders? Among other things, our larders would be without coffee, tea, cocoa and bananas. Sugar, pineapples and many other foods would be selling at prices far above their present levels.

"Television and radio, if we had them at all, would be luxuries beyond the means of most Americans. . . ."

—:—

I DON'T KNOW how dependent we really are upon coffee, tea, cocoa and bananas or what would become of us if we had to do without them. One could drink milk and solve a basic farm problem. As for cocoa and bananas, if the women take Dior's strictures on milady's pulchritude seriously, no woman will touch the stuff for fear that the waistline might not fit the dress.

When learned economists try to become popularizers, they are usually out of their field. Even a columnist would do better than base the economic policy of a country on the consumption of cocoa and bananas, or even pineapples, although I thought we can get our pineapples from our own country, namely, Hawaii, which still hopes to become a state. A little further on, these economists say:

". . . there would be a shortage of newsprint for publishing our newspapers and magazines."

—:—

THERE THEY say something serious. Canada sure has us by the heel on newsprint, for which they charge unconscionably and get away with it because the United States was careless about its forests and has let its paper factories go north.

I live, during the summer, within 17 miles of Lee, Massachusettes, where the first wood-pulp factory in the United States was erected. Some of those mills are still here but they make cigarette and other fine papers. But I see that British capital is going into our southern states to manufacture newsprint and may the day come when we make our own altogether and are not dependent on the Canadian cartel. The Canadians could then sell their newsprint to the British at whatever price they could get.

Now if these economists talked about really important commodities, we might have something to worry about. Take, for instance, cobalt. In 1953, 9,182,000 pounds of cobalt were consumed but only 1,253,000 pounds were produced in the United States. Africa supplied about 84 per cent of the world production of 10,100,000 pounds in 1952. According to the report of the Malone Committee, the largest potential reserves are in Cuba; there are large deposits in the United States but they have not been adequately developed.

—:—

TO THE United States, facing the dangers of war and the rise of cancer, cobalt is more important than cocoa or bananas and in the event of a war, it is doubtful that the ocean-lanes will be open so that sufficient cobalt can be brought from Africa. This is a really serious problem. According to take Malone committee the western hemisphere, using Canadian, American and Cuban deposits, could become sefl-sufficient.

Or take iodine which is essential for medical and metallurgical uses. The United States, which uses from 1,200,000 to 1,500,000 pounds annually, receives about half its supply from abroad, probably mostly from Chile. So far as the United States is concerned, it could be in a satisfactory condition as to iodine, as we have a large supply.

Lithium has become important because of the hydrogen bomb. Surely that means more to us than a pineapple. We get plenty of lithium in South Dakota, North Carolina and California and presumably other places in the United States.

My point is that if these economists want to frighten us, they might deal with products that really matter, not coffee, tea, cocoa and bananas. What do they take us for?

(King Features Syndicate)

LADY'S CHOICE. Zsa Zsa Gabor is up in the air these days because she wants it that way. She refused to have a double for aerial tricks in her new picture "Three Ring Circus." "There's only one Zsa Zsa and no one can take her place," she said.

REPORTS ON EXPENDITURES

COLUMBUS, Ohio (AP)—Dr. John D. Porterfield, head of the State Department of Mental Hygiene and Corrections, says Ohio spent more than 42 million dollars in capital expenditures on mental institutions from July 1, 1949, to June 30, 1954, and has halved the number of patients per hospital employe.

Ohio State Fair Draws 70,000 Less Than 1953

But Lower Expenses May Avoid Deficit, Manager Indicates

COLUMBUS, Ohio (AP)—The 1954 Ohio State Fair has gone into history bearing an inferiority complex through comparisons with 1953's all-out affair but with officials hoping they at least broke even financially.

The final day drew an estimated 18,500 persons, bringing total attendance for the eight days to about 415,848. Attendance at last year's fair, with its elaborate program commemorating Ohio's 150th birthday, topped that by more than 70,000.

Expenses Lower

But while attendance was lower expenses also were lower, and Fair Manager Sam C. Cashman says by the time he pays all his bills he thinks the fair will have paid for itself.

Last year's massive spectacle, "The 17th Star," left a deficit of approximately $50,000. That show was supported by a special sesquicentennial celebration appropriation.

In last night's horse show, La-Fitte's Sweetheart, from Ottawa Creek Farms, Toledo, captured the 1954 American Saddle Horse Breeders' Futurity of Ohio.

WALKS INTO SIDE OF CAR

NEWARK, Ohio (AP)—An 82-year-old man was fatally injured yesterday when he walked into the side of a car driven by Miss Marjorie Wilkin, Rt. 4, Newark, who is to be married today in a Newark church. The victim was William Northey of Newark.

Mob Pressure

By Victor Riesel

I missed a cue on Steve Allen's anti-crime television show last Tuesday night. I kept watching the lanky, bespectacled entertainer instead of the stage director — because Steve Allen, at that moment under the hot lights, was hotter under the collar. He had been pushed around by the mobs for several days. And he was all America rolled up in one guy—he just wasn't taking it.

RIESEL

Some of the "boys" who came down through history from the old Lepke and Gurrah murder mob had pressured Steve, trying to get him to call off the anti-crime documentary we were putting on. They tried to bribe him first. Then they threatened him. And then they tried to get the show cancelled. Steve told them all to drop dead. But what hit him hardest was the network of respectable elements which went to bat for the mob elements we were about to slam.

—:—

SOME OF THE pressure crowd were Hollywood and Broadway people. Others were important garment area tycoons, political forces or people who knew people who just happened to know the men we were about to expose.

One of the pressure calls to Steve Allen came from the manager of one of the nation's most famous comedians. He telephoned long distance from Las Vegas, to ask Steve to talk to a garment manufacturer, who turned out to be a partner of a millionaire named Benny Levine, one-time associate of the big time mobs. Allen agreed to take the call.

The second caller said it would be very nice if the show didn't hit Mr. Levine, who began making his million in the old Lepke and Gurrah, Murder, Inc., circles.

Levine was an advance man for the muscle boys back in the Thirties—one who could make the proper labor contacts when a strike was getting too tough. He was in a position where he could also tell a properly frightened union chief when it was "time" for a picket line to be thrown around certain plants—the price of selling labor peace in the midst of a strike being what it was then.

—:—

RECENTLY, however, Levine was mixed up in the notorious Yonkers race track scandals which broke after the assassination of the building service and track handlers union chief, Tommy Lewis. So, Steve Allen and the directors of the New York City Anti-Crime Committee, who helped vastly to set up the TV show, decided that the Levine story should be told.

At that point Levine should have lived by the rules. Freedom of speech and freedom of the air are something he can't tamper with like he did with picket lines years back.

He put himself out front again by once more refusing to live by the rules. That's bad enough But he pulled one more ruse which rankles me, as it should the rest of the nation. After Levine somehow got an advance copy of the TV script, he managed to get someone to telephone the crusading AFL Ladies Garment Workers Union chief, David Dubinsky. The message to Dubinsky was a "warning" that the TV show, "The Tenth Commandment," would-be "anti-labor" and besmirch the union and the garment industry.

—:—

NATURALLY Dubinsky made inquiries. A friend of his, the eminent Monroe Goldwater, law partner of the late Ed Flynn, interceded for Dubinsky and the garment industry. Mr. Goldwater went up to NBC, read the script, saw nothing there which was untrue or which might smear Dubinsky or the union or the industry only racketeers. Goldwater's mission was over. He wouldn't lift a finger for the friends of the old mob.

But what had happened was that Levine, like so many others, had tried to get off the hook by screaming that the exposure of labor racketeers was an attack on labor. That is happening in a hundred cities. A small network of men who make big business out of being business agents of a few captured unions, scream "anti-labor" when you blast them, and they try to hide behind the legitimate unionists.

Dubinsky did not fall for the stratagem—and other labor leaders should take note So we went on the air and thoroughly and unmistakably described Mr. Levine.

—:—

THEN WE RAN way overtime pointing out that the mobs in labor had cost home owners in Long Island at least $35,000,000 more through shakedowns of builders (about five per cent a home). We told of the seven per cent terror tax on food by some mob-controlled unions We reported details of the $200,000,000 labor racket take on the New York waterfront, crime which the AFL has just unsuccessfully spent $1,000,000 to wipe out.

So I missed a cue watching an entertainer named Steve Allen stick out his jaw and come of age.

(Post-Hall Syndicate)

Non-Skid Paint

By Hal Boyle

NEW YORK

Does your wife take in washing?

Well, why not? Don't let her get away with such lame excuses as:

"I'd like to take in washing to earn you more money to play the horses, dear. But our washing machine spills water on the basement floor and make it so slippepr I keep falling on my face."

That wifely alibi is no longer any good—thanks to a fellow named Richard J. Eckart. He invented a nonskid paint.

HAL BOYLE

"We first developed it for the Navy—they wanted a nonskid surface around gun mounts," he said. "But now housewives use it to give a surer footing on cellar steps and the floor of their laundry room."

—:—

AS A MATTER OF FACT, Eckart is getting to be the lazy husband's best friend. In his post as vice president in charge of research for Sapolin Paints, Inc., he has come up with a number of specialized, do-it-yourself home paints. They are so simple to use that the ordinary intelligent husband has no trouble in telling his wife how to open the cans and do all the painting about the place herself.

You simply buy her a dollar paint roller, hand her the can of paint, pat her on the back, and say, "Go to it, honey. Why should I pay a professional painter $16 a day when I got a swell all-around girl like you?"

But can you really get the hand that rocks the cradle to pick up a paint brush?

"Sure, you can't keep women from painting today," said Eckart, "particularly since we have brushes now that can be cleaned under a faucet or washed out in soapy water. If they don't like a brush or a roller, they can spray the paint on with a vacuum cleaner."

—:—

THIS IS PURE PSYCHOLOGY. Women see so much going into a vacuum cleaner they like to see something come out of it occasionally.

"Surveys show that three out of four home painting jobs are now done by the householders themselves, and often the wives insist on doing it," Eckart continued.

"My own wife does. She paints like mad. I could put her to work painting."

Eckart's repertoire includes more than 100 types of special paints. Each for a separate purpose—from covering wrought iron outdoor furniture to refurbishing an old porcelain refrigerator.

"Many of the suggestions come from housewives who want a paint for some particular job around their home," he said.

Example: Wives wrote in wailing, "My kids keep scribbling on the walls What can I do?"

"It took us only about 10 minutes in the laboratory to find the answer to that one," said Eckart. The answer was a hard quick-drying green enamel which children could mark up with chalk to their heart's content. A wet cloth or chalk eraser easily removed the marks. This chalkboard paint is now used in many secondary schools in place of expensive slate blackboards.

—:—

ECKART AND HIS STAFF also have developed a paint for concrete surfaces, a mildew-proof paint, and a stain that gives ye olde hande-rubbed finishes to new antique furniture in 20 minutes.

Every year a number of children still die from lead poisoning from chewing on old repainted cribs. Eckart formulated a non-poisonous, lead-free paint for baby furniture, but added this tip to mothers:

"These tragedies usually come from babies chewing on cribs that have several coats of older paint on them, put on in the days when most paint had a higher lead content. I don't know of any modern indoor paint that has enough lead in it to cause harm."

Eckart is rather proud of one paint that makes a glass surface appear frosted. Put on bathroom windows it enables a lady to take a shower without the uneasy feeling she is putting on a strip tease act for nosy neighbors.

"Very popular in crowded housing areas," he said. "We call it our anti-peeping Tom paint."

(The Associated Press)

PIKE INVESTMENTS GAIN

COLUMBUS, Ohio (AP) — Money earned from investments is pouring into Ohio Turnpike Commission coffers much faster than was anticipated. The commission reported by the end of August it had made nearly 13½ million dollars on investment of cash still on hand in its construction fund. Original estimates were that by late next year when the east-west toll road across Ohio is finished, investments would have brought in $6,700,000. The commission started earning money in July, 1952, on investment of proceeds from sale of 326 million dollars worth of bonds.

Automobiling for Fun

Each holiday as it comes along is accompanied by systematic warnings about traffic hazards and how to minimize the risk of automobile accidents. The Labor Day weekend is especially dangerous because it invites so many Americans to make a three - day farewell to summer.

Automobiling for fun went out of existence many years ago. The fun now consists only of what happens when the destination has been reached, not of what happens while getting there. Only in remote sections of the country do motorists still enjoy the privilege of going for "pleasure spins."

Elsewhere, heavy traffic and the hazards that go with it have made automobile driving a job requiring a high degree of technical skill, with complete mastery of the safety techniques that have evolved after a generation of experience with traffic. Most accidents are caused by drivers who have lagged behind in the development of their skill and in their grasp of safety rules.

Eventually, all drivers will undergo standardized tests to determine their competency. There will be a time when the notion that anyone can be trusted to handle an automobile will be rejected.

When the Labor Day weekend traffic toll has been registered this year, there again will be reason to wonder how much longer it will take to become realistic about two-ton juggernauts in the hands of people who don't know how to drive them safely.

Diplomatic Psychology

While Secretary of State Dulles is in Manila to see about a Southeastern Asia Treaty Organization to match the North Atlantic Treaty Organization, some questions are being asked by some of his countrymen.

They are wondering whether it is advisable in all these situations to put the United States into a position where it can be left high and dry by every government with other matters on its mind. France's parliamentary decision to scuttle the European Defense Community after some 28 months of suspense raises that particular question.

Another question concerns the traditional relationship between proposition and opposition. The United States has done all the proposing, leaving the rest of the world to do the opposing—which it can be relied on to do with great enthusiasm. Why doesn't the United States leave some of the proposing to the other nations?

A third question involves isolation. Secretary Dulles reassured European governments after collapse of EDC that the United States would not withdraw into isolation. The question here is whether Europeans needed this reassurance about Americans half as much as Americans needed it about Europeans. From where an ordinary American sits these days, surrounded by news of foreign rebuffs and reports on foreign aid, it looks as if the United States had taken up internationalism and the rest of the world had taken up isolationism.

Might it be better diplomatic psychology, all things concerned, to urge all the countries threatened by the Communist conspiracy to tell what they intend to do in behalf of their security, for a change?

Presidential Privacy

When former President Hoover chided newsmen for asking questions about President Eisenhower's trout fishing, he was half-serious. "The press no longer has any respect for the privacy of the President in his fishing. That is one of the degenerations of the last 30 years," commented Mr. Eisenhower's trout-fishing predecessor.

Since Mr. Hoover was half-serious about restoring a chief executive's right to privacy in fishing (he also mentioned praying) there are some other presidential rights that might be restored.

Some would have to be established; it is not clear they ever existed. One would be the confidential nature of a golf score, something Mr. Eisenhower has been trying to establish, with fair success.

Another would be the right to make a slip of the tongue or a slip of the mind without being hung up by the political thumbs. This one would have to be established. Every presidential critic makes a fumble occasionally, but if a president makes one he is never allowed to forget it.

Another right that should be granted a chief executive is to behave naturally. This one has come into prominence in connection with President Eisenhower's carefully coached televised appearances, wherein he has been made to appear like an actor. The fact is he is not an actor. He is the president of the United States, a deeply human person who would like to catch a fish, utter a prayer, swat a golf ball, fidget before a television camera, inspect his new farmhouse and do a lot of other things naturally.

This unblinking scrutiny of a president by hundreds, thousands and millions of watching eyes is making the presidency a lot tougher than it should be for the sake of the men who hold the job and the citizens who want their presidents to think and react normally.

GOP Faces the Facts

By David Lawrence

High Time for Party To Present Solid Front

Awareness of the difficulties facing the Republican party in the autumn elections for Congress is beginning to percolate through the various layers of the Republican top command.

Vice President Nixon, at the Cincinnati meeting of the Republican National Committee, spoke some painful truths that had to be said. He made a sensible plea for party unity, and it is only unfortunate that all those members of the White House staff who have been advising President Eisenhower on political strategy, and who have unwittingly been doing so much to stimulate disaffection inside the party, didn't hear the Nixon speech.

Apparently, according to Nixon, the President now is going to support all Republicans who have been nominated for Congress. The nonsense which has been regularly leaked from the White House heretofore to certain sections of the press that Mr. Eisenhower is going to purge Republicans he doesn't like seems to have evaporated.

Indeed, Nixon made a very logical argument to Republican voters in New Jersey to try to get them to support former Rep. Case, who is running for the Senate. By pointing out that his defeat would mean the loss of a vote in the Senate, the vice president urged Republicans to support the party despite the anti-McCarthy views of Case. Nixon pointed to Illinois, where there are dis affected groups, too, and they don't like Joseph Meek, the regular Republican nominee, who favors McCarthy.

-:-

WHAT THE REPUBLICANS are up against — no matter how they slice it — is that, once control passes to the Democrats, the investigating committees run by the Democrats will make McCarthy look like an amateur.

The customary strategy, if an opposition party gets control of one house or both midway in a presidential term, is to do everything possible to embarrass a President so his party makes a bad record in preparation for the subsequent presidential election.

As election day this autumn approaches, Republicans who are disaffected for any reason will have to face a serious decision—whether they will let their grievances go to the point of staying away from the polls altogether, or whether they will actually vote the Democratic ticket.

The important problem is majority control. Irrespective of how Republican nominees may have voted on particular issues, the only real question for a loyal Republican to decide is whether he is willing to allow control of Congress to pass to the opposition party.

But what the leaders and the organization workers may argue is one thing while the emotions stirred up by the thoughtless tactics of some members of the White House staff who started the fight to punish McCarthy and who have been running the show thus far on the political side is quite another.

The trouble is there has been so much time spent by Republicans in fighting Republicans that there has been a singular failure to remind the country of why it was against the Democrats in 1952.

Logically, this is the time when Republicans should be making big gains in the seats in both Houses. For, just as in 1934 when a negative tide was rolling against the Republicans after the avalanche in the 1932 election, so now the same kind of negative tide which started rolling against the Truman administration and the Democratic party in 1952 should be rolling the same way in November 1954. In the 1934 elections, the negative tide of 1932 still had not reached its peak. It went to its highest point in 1936.

-:-

WHILE A SMALLER vote was cast for members of Congress in 1952 than for the presidency — and this is not unusual because of the tendency in the last two or three decades toward separate ballots rather than a single ballot containing both the presidential and congressional nominees — there is every reason why the coming elections should see a higher total than in any midterm election.

The total will materialize unless Republicans keep on stirring up the emotions of the voters on the McCarthy issue by prolonging throughout the campaign the hearings and the debate in the special Senate session.

It is being said that communism isn't an issue this time. On the surface, perhaps it isn't. But underneath it can be responsible for a considerable stay-at-home vote on the part of those who fear that the President is too complacent about the issue.

It will be interesting to see whether he takes up the record of the administration on Communists in government and "points with pride" to it, as the political saying foes, or whether he never mentions the issue that helped two years ago to swell the anti-Democratic tide.

Cotton Corners

By TRUMAN TWILL

Dear Nephew: We got a laugh out of your puzzlement about what to do after reading that book by the Overstreets that tells you how to recognize the different kinds of minor insanity. We wondered about the same thing. It's like the gag about the old Quaker who said everybody was "a little bit queer except thee and me and sometimes I wonder about thee."

I noticed a report that Sen. Watkins, who was going to maintain a calm, judicial atmosphere as chairman of the hearings on the resolution to censure Joe McCarthy, blew his stack so high the first time he was given the copyrighted McCarthy treatment that he had to call a recess. Those whom the gods would destroy they first make mad. Years ago, I had a friend who worked for an especially annoying boss. Every couple of days, my friend would get so discombobulated he would come home at night chattering with rage. His wife would talk him out of it overnight and send him back to work, determined not to let his boss get under his skin. But he always did get under it just the same. He finally had to get another job.

Remember in "The Hucksters" where the account man realized the palms of his hands were sweating when he was dealing with the crazy soap tycoon during one of his fits of insane rage? The tycoon was crazy a a bedbug. If the account man had read the Overstreets' book he would have known what kind of craziness it was and also would have known that he, himself, was a pretty sane kind of fellow. Would it have kept his hands from sweating? I think not.

Adolph Hitler was crazy. If you will promise not to quote me on this, I will suggest to you that anyone who makes a career of wielding power over other human beings has to be crazy to want to do it in the first place. Moreover, I will go further and suggest that irrational behavior is one of the means of obtaining power, because a person who behaves that way is in a position to get what he wants by threatening to throw a tantrum if he doesn't get it.

Your puzzlement over what to do after the Overstreets have told you what you are up against because so many people are doing so many crazy things is typical of the puzzlement of the times. That is why we think it is funny for you to admit it.

You have been a long time discovering what you should have known all along, that this is a crazy world and the trick is to keep it from driving you crazy, too. Sen. Watkins with his chin trembling and the blood drained out of his face the first time he came into direct contact with the man who has caused more tempers to be lost than any other man of recent times is something to think about. He is Exhibit A in what the Overstreets failed to mention in "The Mind Alive" and "The Mature Mind." How do you keep from losing your balance?

Once you have found out what it would be like to be in possession of your mind, how do you keep from being jarred out of your newfound sanity by the same annoyances, aggravations, irritations and aberrations that upset you in the first place? How do you keep from going bats" Tell us as soon as you find out because we have been borderline cases for 50 years.

Our stay-at-home vacation is officially over but we can't get back into the swing of drudgery. Do you suppose this means our sterling characters, have started to disintegrate? Wouldn't it be awful if we turned into wastrels and no'er-do-wells at our age? Give our regards to your family and try to stay on your rocker. Haw.

Year 1984

Push-Button Production Comes Closer

Roger W. Bolz is editor of Automation Magazine, a trade publication of Penton Publishing Co., Cleveland. An engineer specializing in the design of mechanical and electrical equipment, Bolz has for many years taken an active part in the advancement of automation.

A new word has entered the vocabulary of American business. "Automation" in years to come will make today's living standards and production methods seem medieval by comparison with future standards.

In simplest form, automation is a way of doing things automatically. Defined, it means automatic operation and embraces all meanings of achieving that objective.

The starting point may be an automatic mechanism, machine or method and this may be applied to automate handling, processing, assembling, packaging or distribution. Eventually by harnessing all these elements, engineers will build completely automatic factories, mills, plants and offices.

With greater productivity, automation will provide more money to buy more goods at less cost.

Consider the case of the electric light bulb manufacturer who, in a single plant, blows 90,000 bulbs an hour today on automatic machinery. The plant employs 230 persons. Reason for the high output? Automated equipment and methods.

With 1927 methods and machines, the same manufacturer would have had to employ 75,000 workers to turn out the same quantity — and the product would have been inferior.

Automation has so far been too expensive for the small plant, but the expense of the machines is gradually coming down. At the same time, the number of jobs the machines can do is on the increase. Soon the smaller shops and offices will be unable to afford to do without automation.

-:-

ALMOST UNBELIEVABLE machines that have been the outgrowth of automation include General Electric's punch press with a built-in electronic "brain." It is entirely automatic, handling machining and assembly work formerly done by many men. The "brain" adjusts the machine to different production processes.

Hands-off assembly by transfer machines has increased output many times in automotive, aircraft and many other mass-production industries. Systems of electronic data processing have been worked out whereby all desired information can be recorded and filed automatically by an integrated system of office machines, cash registers, typewriters, calculators and addressers.

It used to take two men 17 hours to carburize — impregnate with carbon — 250 camshafts for Chevrolet automobiles. Then, automation took over. Automatic electrical equipment costing $50,000 was installed.

Now one man, controlling some 700 horsepower, turns out the same 250 camshafts in one hour on two machines.

In another startling "automated" case, one battery of nine machines costing $120,000 produces 900 machined and assembled rifle grenades per hour. Without the automatic assembly, the same job would require 27 machines costing $300,000 and requiring 200 per cent more floor space.

Automation is not revolutionary, for evidence indicates that its basic principles were applied to textile machinery more than 50 years ago. But great attention is focused on the trend today because of mounting evidence it can increase output, save costs and thus step up living standards.

-:-

SO STRONG is automation's promise that Ford Motor Co. has spent close to a billion dollars since 1946 to automate its production lines. For a yearly saving of $1,000, Ford is spending up to $3,500 on automation.

What will all this do to the worker — the man dating from the pre-automation era?

In an economy gradually shifting to automatic operation, reorientation of labor must be expected. But men won't be ousted by machines—far from it—and they'll get more satisfaction from their jobs.

Workers who like challenge will find the new machines tax their abilities enough to make toil interesting. Then too, the same machines will produce more goods cheaper, raising the worker's standard of living.

Automatic operation, moreover, will require more employes — but for different types of job. Workers will get a chance to make greater use of brain than brawn.

General Motors, for instance, has increased its employment by more than 200,000 in the past several years, despite all the modern equipment it has installed. Automatic machines are not foolproof. They require skilled technicians. As output becomes more automatic, much more advanced planning and research will be needed, along with many more sales and service personnel to handle the end product.

An example of what changes automation promises for industry and workers is a plant that adjusted its labor force to meet the shifts of automated operation.

Before automation, the company employed some 700 machine operators and 300 maintenance workers. After the changeover, the working force consisted of 350 operators and 450 maintenance men. As automatic machines eliminate arduous and monotonous work, there will be less demand for the unskilled worker and more need for skilled personnel.

In the face of population growth and rising costs, productivity per man must be increased considerably just to maintain our current standard of living. To improve this standard, we have to raise productivity.

Businessmen with the courage to investigate automation are finding the answer. What it can do—its power to produce—constantly amazes them.

Recession Threatens Japan

By Ray Falk

TOKYO

The Japanese are treading an economic tightrope over a yawning chasm of depression.

Last March, the government instituted a deflationary policy to reduce export prices to make them competitive in the world market. The purpose is to achieve a favorable balance of trade by raising the level of exports above imports.

Wholesale prices have fallen 7 per cent and exports topped imports last July for the first time in several years.

Japanese cotton fabric prices are now the lowest in the world.

But there is danger the deflationary policy may precipitate a depression.

An unknown number of firms have been forced into bankruptcy while others have temporarily suspended operations. Wages are at a standstill. In some industries, coal mining, for instance, workers are paid in company goods or in coupons instead of cash.

Six hundred thousand persons were receiving unemployment insurance in June. But the figure is deceptively low because the government considers as "employed" anyone who works more than one hour a week. Tens of thousands more do not register for unemployment insurance because payments are so low. They fall back on the assistance accorded them by their families under the traditional Japanese system.

Former Finance Minister Hayato Ikeda is typical of those who favor the deflationary policy. He said: "Japan can stand on its own feet. If we practice austerity, we can return as one of the major producing powers of the world. We lived on these four islands by ourselves without outside help for almost two thousand years. We can do it again."

But many government leaders and businessmen are exerting great psychological and political pressure to end the deflation. They would rather take the easy way and depend on American assistance.

Washington, however, gives priority to the strengthening of Japan's armed forces rather than its economy. The U. S. has indicated it is unwilling to extend loans that would create credit while the Bank of Japan is holding the lid on credit.

Chekhov Memorial

MOSCOW (AP)—The small Moscow house where Anton Chekhov lived with his family from 1886-90 is being made into a memorial museum to the writer. In the house, not far from the present American Embassy building, Tschaikovsky, the composer, frequently visited. There Chekhov wrote many of his works.

Daily Bible Thought

"Old and stricken in years."—Joshua 13:1. The body is a machine that wears out, but the more the mind is used the keener it will be at the end, and the spirit continues to rgow in splendor to the end if life is lived unselfishly.

GRIN AND BEAR IT By George Lichty

"When I think of all the men you could have married, I get furious, too!

The Once Over

By H. I. Phillips

Portrait in a Crisis

Beheld the slearest of profiteers, happily in the minority among builders, the fast-dollar operator who chisels on the homeless and adopts slicker tactics in his association with Uncle Sam! He stoppeth not at taking his government for a ride and rooking his fellow man. He taketh advantage of every loophole in a law passed to provide shelter for his neighbor.

He helpeth put through the excessive appraisal, he tappeth Uncle Samuel for millions more than needed, he regardeth the home-seeker as a worm, a sucker and a fair target. He cares not that his sharp-shooting operations maketh the rent higher and defeateth the purpose of emergency legislation in a national crisis.

He putteth the dollar ahead of fair play and his bank account ahead of ethics. He sheddeth no tear for the fellow in search of an apartment with meager funds. He taketh in his stride the mother and babe living in a hovel because the old man can't get a decent home.

-:-

He looketh upon the GI, who fought for his security, as just another easy mark. He looketh upon the young couple seeking a roof over their heads as fair prey protected by no closed season.

The "windfall" stirreth him as the ultimate satisfaction. The "divvy up" of the exorbitant profit at the expense of the government, the taxpayer, the home-seeker and the public welfare delighteth him.

He runneth with those contractors who cut corners, chisel on the supplies, maketh every nail do the work of six, goeth easy on the cement and laugheth at the building inspector.

-:-

The wet cellar disturbeth him not. Nothing bothers him less than a warped door, a crooked window, wood too green to hold paint or a crack in the cellar wall or ceiling.

He loveth the cheap hardware, the tawdy light fixtures and he quick collapsible porch.

He thinketh "Home, Sweet Home" a companion piece to "Serenade to the James Boys." He changeth the words "Be it ever so humble" to "Be it ever so jerry-built."

-:-

He maketh Ponzi, the Forty Thieves, the card shark, the second-story worker and the corner stickup man look like kindly adventurers. He laugheth at the legislators who leave a housing bill full of holes, the city authorities who sleep at the switch and banking interests who know what is going on but fail to raise a howl.

He bribeth federal administrators. Concern for his fellow man is not in him. He blackens the name of honest builders and brings into disrepute the majority who give the customer a square deal.

He holdeth that if Uncle Sam leaves himself open for a low punch it is his own fault; he believeth that if the door is left open it is his right to swipe the welcome mat.

He thinketh that if a thing is technically legal the place for ethics is in the ashcan.

He crieth "Business is business"; he asketh "Who, me?"; he feeleth no pain. You can have him!

LIFE'S JOURNEY

A little work, a little play,
A little food that's not too starchy;
A little mound, a headstone small...
AND NO MORE SMILES FROM LIBERACE!

A newspaper item records the disappearance of seagulls from the East River area of the United Nations building during the summer, stating that they disappear somewhere for some reason, "returning to fish the murky waters of the river in the fall and winter." . . . As the seagull expert of this paper, we hasten to say we thought everybody knew that the gulls leave rivers and harbors in the summer to feast far out where big schools of fish drive the bait right into their beaks, and come back, not to fish the murky waters, but to return to their routine as scavengers.

(Associated Newspapers)

News of Other Years

40 YEARS AGO — Two million Russian soldiers, operating along a front of 250 miles from Zamost, Russian Poland, to the vicinity of Suczawa in the Austrian province of Bukovina had driven back the Austro-Hungarian armies with heavy losses and had captured Czernovitz in Bukovina and Zolkiew in Galicia.

-:-

20 YEARS AGO—Bootlegging in Marion received its third setback in two months when 10 persons were arrested by police in liquor raids planned and directed by Acting Police Chief E. C. Mackan.

Eight hundred of the 1,365 Marion County farmers cooperating in the federal government's corn-hog reduction program were to get their first payments totaling $98,749.75 beginning Wednesday, it was announced by S. L. Anderson, county farm agent.

L. Clement Gaster, 26, former Marion resident who left Selfridge Field, Mich., to fly to the National air races in Cleveland, was missing.

The first big day of the general textile strike was hailed by union leaders as a "tremendous success" while employers declared that poll of the industry in New England indicated the majority of workers were opposed to the strike.

Announcement that the main office of the Prendergast Co., located in Marion since the company was organized in 1879 was to be moved to Cleveland sometime in October was made to stockholders of the company in letters from J. Harold Prendergast of 403 E. Church St., president and general manager.

10 YEARS AGO — Rain and high winds blew down five telephone poles in the Prospect area with service calls coming from Waldo, Morral and Richwood where the storm took its toll.

Canadian troops of the Eighth Army, supported by British warships standing offshore, drove to within six miles of Rimini in the important Po Valley highway.

Capture of Brascov by Russian and Romanian troops had assured complete possession of the Predeal pass through the Alps.

The Social -:- Notebook

LUNCHEON and an afternoon of bridge followed golf when the women of the Marion Country Club held their weekly ladies day party Thursday.

In blind hole golf played in the morning, winners were Mrs. Philip Guthery, Mrs. Clarence Brown, Mrs. Richard Bessom, Mrs. Francis Stoddard, Mrs. William Hamor, Mrs. James McNoldy, Mrs. Robert Bagley and Mrs. Howard Stoll.

Bridge awards were presented to Mrs. Wilbur Symes, Mrs. Ray Finney, Mrs. John Dean Jr., Mrs. Robert T. Mason and Mrs. Oliver Hamilton.

Mrs. W. G. Seay was a guest for the luncheon.

—:—

JUNIOR FEDERATED Women of Marion discussed plans for presenting a play, "He Ain't Done Right by Nell," by Wilbur Braun, at the Thursday evening meeting at the Federation Home.

The group has been sponsoring money-raising activities to enable members to present the play for various city organizations. Members plan to present the play at their own federation meetings at first, for other federations later and finally to different city groups.

The 18th century melodrama will be directed by Mrs. Samuel Wood and the federation cast will include: Miss Joan Tobin, Mrs. Richard Seiter, Miss Pat McElhenny, Miss Carolyn Creager, Miss Delores Miller, Mrs. Gene Poling and Miss Joyce Daum.

The group also talked about presenting puppet shows for children at Christmas time.

Hostesses for the Thursday meeting were Mrs. Donald Colle and Mrs. Richard Seiter. The meeting in two weeks will feature a picnic at 6:30 p.m. at Garfield Park.

—:—

IN CELEBRATION of their twenty-fifth wedding anniversary, Mr. and Mrs. Reed Ours of north of Marion will hold open house tomorrow from 2 p.m. until 5.

Place of the wedding, Sept. 1, 1928, was the Greenwood EUB Church, and Rev. Irvin Kauffman officiated. Mrs. Ours was Miss Irene Miller, daughter of Mr. and Mrs. J. M. Miller. Parents of Mr. Ours were Mr. and Mrs. Joseph Ours. Both the bride and bridegroom were graduated from Harding High School, and the latter is an Ohio Northern University graduate. He is Marion County engineer.

—:—

Mrs. A. J. Loudenslager was hostess for the Carpe Diem Club at her home on N. Prospect St. Wednesday afternoon, when 11 members attended.

Mrs. Arles Risch conducted the meeting which opened with a song by the members, accompanied by Mrs. Orrie Young. Mrs. Wayne S. Mitchell was in charge of devotions and Mrs. Donald Tower conducted the program. A reading was given by Mrs. Elmer Williams on, "When John Puts Up the Stove."

A contest conducted by Mrs. Charles Brady was won by Mrs. Donald Tower. Mrs. D. W. Hinamon Sr. gave the thought for the day.

Mrs. Loudenslager was assisted in serving lunch by Mrs. Rudolph Risch and Mrs. Donald Tower. The next meeting, Oct. 6, will be held at the home of Mrs. Ruth Shoots on Hane Ave.

—:—

Miss Marlene Davis, a bride-elect of Sept. 5, was honored with a miscellaneous shower Tuesday evening in the community center of the West Town Bank by the Misses Norma Call and Barbara Cornette.

Contest awards went to the Misses Rosemarie Clifton, Vena Christman, Sue Coffey and Marlene Davis. The bride found her gifts on a table decorated in her wedding color, white.

Guests included: Mrs. T. Earl Davis, Mrs. Paul Rowland, Mrs. Kenyon Jenkins, Miss Barbara Porter, Miss Dawn Craft, Miss Shirley Poorman, Miss Karan Syster, Miss Janet Roberts and Miss Joan Bailey.

The hostesses were assisted in serving by their mothers, Mrs. W. C. Call and Mrs. William Y. Cornette.

—:—

Members of the Ohio Eta chapter of Beta Sigma Phi Sorority gathered at the home of Mrs. Marilyn Moenter on E. Walnut St. Thursday for their first meeting of the fall season. Mrs. Eleanor Semmler acted as co-hostess.

Presiding at the business session was the president of the club, Mrs. Pat Cochran. Letters were read from the international chapter. Mrs. Joyce Klug, a former member now living in Dayton, was a guest.

Mrs. Moenter was chosen as a replacement for the city council. Plans were made for programs and projects to be held during the next season. Mrs. Eileen Cunningham was named the chapter's new sponsor.

A program of introductions and invitations was conducted by Mrs. Carla Boettcher. Next meeting of the sorority will be Sept. 16.

—:—

First meeting of the fall season for the Gre-Mar Club was held Thursday evening at the home of Mrs. Clara Rizer on Bennett St. A donation was voted to the polio fund. Prizes in euchre went to Mrs. Alice Walker, first; Mrs. Leona Harbin, second; Mrs. Doris Jackman, consolation; and Mrs. Faith Snow, lone hand. The next meeting will be at the home of Mrs. Jackman on Bennett St.

RIGHTS SUSPENDED

BUCYRUS — Driving rights of two Crawford County youths were suspended at hearings held here yesterday before Juvenile Judge Constance Keller. A 17-year-old Crestline youth, who was arrested for unsafe operation of his vehicle on State Route 61, Aug. 24, had his driver's license suspended for 15 days, and a 16-year-old Galion youth will not be permitted to drive for 10 days. The latter youth was arrested last Saturday on a reckless driving charge. Both arrests were made by state highway patrolmen out of the Bucyrus post.

Plant To Stop Work Sept. 17

Marion Industries Finishing Production

Final shutdown of Marion Industries plant west of Marion on Route 95 is tentatively scheduled for Sept. 17.

John Dean, plant manager, said the working force at the plant is now down to about 200 and likely will be down to about 150 by the end of next week.

Only production being carried on at the plant now is the processing of some ventilator window frames for Ford automobiles. The last of these parts are now going through the production process and when completed and shipped out two weeks hence, the plant will be closed.

A division of Motor Products Corp. of Detroit, the plant was first opened in Marion late in 1950 when the $3,500,000 plant was completed. During the last three years an average of 1,200 persons have been employed at the plant.

The parent company announced a decision to suspend local operations on June 14 this year and said the plant would be closed down gradually over a three to four month period.

The plant manufactured chrome plated and stainless steel automobile parts, such as ventilator windows, mouldings and radiator grills.

Company officials said the plant was being closed because of economic factors but expressed the hope that other products could be found which would enable it to reopen the Marion plant in the near future.

Products formerly manufactured here are now being produced in the company's Detroit plants.

Releases: Jerry DeLong, seven-month-old son of Mr. and Mrs. Charles DeLong, Bucyrus; Clarence Balliett of near Bucyrus; Elmer Webb, Sulphur Springs.

Births: a son to Mr. and Mrs. Otha Dyer of near Bucyrus; a son to Mr. and Mrs. James Osborn, Bucyrus; a son to Mr. and Mrs. George Cramer of near Bloomville; a daughter, to Mr. and Mrs. Richard Bumstead, Bucyrus.

UPPER SANDUSKY
Wyandot Memorial

Discharged: Mrs. Wallace Passett and infant, and Mrs. Bernard Thiel and infant, of near Upper Sandusky.

Births: Mr. and Mrs. Lester J. Spitler of near Tiffin, are the parents of a daughter, Barbara Jean, born Thursday.

FAIR PLANS MADE

UPPER SANDUSKY — The Wyandot County Fair Board will have their annual cleanup day in preparation for the fair on Labor Day, Monday, Sept. 6. Lunch will be furnished. Fair week will open with a countywide interdenominational religious service in the grandstand at 8 p.m. Sunday, Sept. 12. Monday will be setup day, and the judging of exhibits, along with other activities, will start Tuesday morning and continue through Saturday.

New Look a la American

DIOR SILHOUETTE, U.S. VERSION. Here are the first American adaptations of the controversial flat-chested silhouette introduced by Christian Dior in Paris. At left is a black taffeta afternoon dress with long-torso lines, the skirt flaring below the hipline. Note that the bosom is rounded, not flattened, and the waistline is indented, but not as sharply nipped as previously. At right is the sack jacket suit in pale gray worsted, with side darts achieving the new modified bustline. Both are designed by Andrew Arkin, who modified the Parisian style to American tastes.

Junior Chamber of Commerce President Appoints Committees

Committes were appointed when the Marion Junior Chamber of Commerce held its regular monthly business meeting Thursday at the YMCA.

Named by Joe Peters, president, were

Safety committee: William Coulter, chairman, William Luse, vice chairman; ways and means, Charles Sidenstricker, chairman, William Rawlins, vice chairman; membership, William Haubert, chairman, Carl Mounts, vice chairman; attendance, Kenneth Smith, chairman, John Langmaid, vice chairman; program, Earl Krider, chairman, Charles Dunn, vice chairman, social, Robert Limbert, chairman, Kenneth Gasmire, vice chairman.

Publication, Robert Vaness, co-editor, Grant Fletcher, co-editor; publicity, Edward Paulin, chairman, Troy Evans, vice chairman.

$435 for Dimes

George Drumm reported that the Jaycees had received $435.25 from the sale of balloons at the Marion County Fair and in the downtown district. This money was turned over to the Emergency March of Dimes campaign.

William Coulter, safety committee chairman, reported that the Jaycees will again this year "Scotchlight" bicycles for Marion children Sept. 18 from 3 to 5 p.m. at all Marion grade schools. Scotchlight is a reflective tape making bicycles more visible to motorists at night.

The Dale Carnegie course of public speaking will be presented in Marion through the cooperation of Marion Jaycees. A public meeting will be held at the YMCA in October for interested people. Carl Mounts is chairman of this project.

To Attend Meetings

A delegation of Marion Jaycees will attend the district Jaycees meeting in Marysville Sunday, Sept. 12. A large delegation of local Jaycees will attend the Allstate Jaycee meeting in Canton Sept. 25 and 26. E. Lamar Buckner, national Jaycee president, will be guest speaker.

The Marion Junior Chamber will cooperate with the Marion Chamber of Commerce in helping to promote Fire Prevention Week in Marion by passing out posters to Marion business establishments.

Ollie Neimeyer will be guest speaker at the next dinner meeting, Sept. 16. Herbert Phillips was a guest.

Grange News

PROGRESSIVE

When Progressive Grange met Tuesday night, annual inspection was conducted by Elmer Williams. Howard Click presided. Announcement was made of Pomona Grange meeting next Saturday at Martel, and a candidate for membership was balloted on.

A program under direction of Mrs. William Crabtree included group singing and roll call on "Where you took your vacation or where you would like to go." Miss Jeanne Bibbee sang, accompanied by Mrs. Cecil Davis.

Charles Might spoke on "Time Saving Steps on a Farm." Miss Jean Click and Mrs. Davis played a duet, and a skit, "The Grocery Store," was presented by Mr. and Mrs. Howard Click and son, Kenneth. A safety talk was given by Miss Jean Click. Election of officers will be held at a meeting Sept. 14.

Church Activities

Installation of officers for the Anna Gordon WCTU, headed by Mrs. Bessie Thornberry as president, was held at a meeting Wednesday in the home of Mrs. Logan Tong on W. Church St.

Mrs. William Bowman was installed as vice president; Mrs. Frank Shearer, recording secretary; Mrs. Loren Weir, corresponding secretary; and Mrs. L. E. Stanley, treasurer. The ceremony was conducted by Mrs. Ed Ellington. Mrs. Bernice Custer assisted her mother in serving.

Red Cross Activities

Sept. 5 to 11

WEDNESDAY

11:45 a.m. Meeting of board of directors, Hotel Harding.

THURSDAY

7:30 p.m. Class in first aid, Ohio Fuel Gas Co.

Air Major Gets 7 Years, Ousted From Service

TOKYO (AP)—Far East Air Forces said today that Maj. Thomas Pate of Los Angeles, was convicted by court-martial last month of stealing $200,000 in military script.

He was sentenced to dismissal from the service and seven years at hard labor.

FEAF's belated announcement said the court-martial took place "about Aug. 21," but that its headquarters had not been informed of the trial and verdict by Pate's unit, the Far East Air Materiel Command. The two organizations are about 20 miles apart in the Tokyo area.

No reason for the mixup was given.

Pate pleaded guilty to 21 counts of larceny that together involved theft of checks, money orders, military payment certificates ("GI money") and U.S. currency, the Air Force said.

The major, formerly finance officer at Tachikawa Air Force Base just outside Tokyo, was arrested last March 24.

The Air Force said he had contrived a "fraudulent scheme" to sidetrack worn out military currency that should have been destroyed.

The sentence is subject to review by higher headquarters here and in Washington.

Farmers To See DeKalb Farm Tile Drainage System

A tour to show Marion County farmers the various operations of tile drainage systems will be held at the DeKalb Agricultural Association Inc. farm Sept. 16.

Sponsored by the Marion County Soil Conservation District, the Soil Conservation Service, and the Agricultural Extension Office, the tour will show various stages of construction of tile drain systems.

DeKalb's farm has about 150,000 linear feet of tile drains on its fields, with more being installed at the present time.

This will be the third tour sponsored by conservation officials. The first was a tour of farm ponds, while a tour of grass waterways is scheduled for next Thursday.

W. L. Williams, soil conservationist in the county, explained that many farmers are interested in one phase of conservation work which might apply to their farm, but are not interested in seeing other phases.

He said the annual field day was dropped this year in favor of the more specialized tours.

Lodge Activities

The Ladies Society to the Brotherhood of Locomotive Firemen and Enginemen met in the Odd Fellows Hall Wednesday afternoon for a regular business meeting. Members planned a potuck supper for the next meeting Sept. 15.

Teachers Should Be Shock-Proof, Educator Claims

OMAHA (AP) — Good teachers, said Dr. Raymond Hatch of Michigan State College, must be "shock-proof."

To illustrate, he told this story:

A first grade pupil walked into the classroom and reported "me sleep with daddy."

"No, no," teacher corrected. "I sleep with daddy."

"Maybe so," replied the youngster. "But that must have been after I went to sleep."

The Michigan State Department of Guidance and Counselor Training head ended his talk to Omaha teachers with a chuckling "a good sense of humor helps."

Grass Waterways Tour Set Sept. 9

A grass waterways tour sponsored by the Marion County Soil Conservation District, the Soil Conservation Service, and the Agricultural Extension Office, originally planned for last month, has been rescheduled for Sept. 9 at 1 p.m.

The original tour was rained out Aug. 18, but new plans call for the same farms to be visited next week. Those are the farms of P. D. Hite, Henry Wenig, Kensel Clutter, and Paul Cluff.

Persons interested in seeing the way in which grass waterways help drain farmlands are invited to meet at Grand Prairie School next Thursday.

The tour will show waterways in various stages of construction. At present, there are about 35 miles of waterways in existence in the county.

THIEF FORGETS KEY

MOBILE, Ill. (AP)—The thief who stole Chester Anders' old railroad watch won't even be able to give you the time of day. The timepiece is a key winder. Anders still has the key.

Traffic Accidents In August Injure Twenty in Marion

The number of persons hurt in traffic accidents in Marion is on the increase, according to a monthly summary issued today by Police Chief Thomas B. Coon.

During August, 20 persons were injured in 59 collisions while in August last year only 16 were hurt in total of 92 collisions.

Of those hurt last month, six were pedestrians struck by automobiles, two were bike riders involved in collisions with automobiles, 10 were hurt in 47 collisions of two or more cars and two were hurt in three collisions of cars with fixed objects.

So far this year the tally of killed and injured in city traffic accidents is 84 hurt, three killed in a total of 479 collisions.

In the face of these statistics, Chief Coon asked that all pedestrians and drivers be very cautious and help avoid more such accidents.

The United States still has about 45,000 one-room school houses, but the number is shrinking at the rate of 10 a day, says the National Geographic Society.

Marion County Residents Win Awards at Fair

Claridon Youth Third In Junior Division's Sheep Shearing Event

Kenneth Murhpy of Claridon placed third in the Junior Fair sheep shearing contest Friday at the closing session of the Ohio State Fair.

Other Marion area residents made good showings in the contest. Raymond Linn of Mount Gilead was second in the junior division. In the senior fair contest, Robert Reidel of Sycamore was second, Charles Smith of Upper Sandusky was third, and J. E. Curier of Marengo was fourth.

Scores With Corriedales

Murphy also placed well in the FFA Corriedale Show held earlier in the week. He placed second with an A grade in the yearling ram class, fourth in the yearling ewe class, and third in the ewe lamb class.

Results of the 4-H Holstein show held in the early part of the week were announced today, with Richard Lawrence of the Claridon Buckeye Lads taking many of the honors.

Lawrence placed fourth in the junior heifer calf class, and had another animal which received an A grade. He received a B grade in the senior heifer calf class, fifth place in the senior yearling heifer class, first and fourth places in the two-year-old heifer class, a B grade in the Holstein cow class, and placed seventh in the Holstein showmanship class.

Other county residents fared well in the show, as Diana Smith of the Claridon Tommies took fifth place in the junior heifer calf class, with Jo Earl of the same club receiving an A grade. Jo Earl also placed third in the Holstein cow class and third in the showmanship contest, immediately behind Diana Smith who was second in the showmanship event.

Heifer Places Seventh

In the 4-H Jersey show, a heifer calf shown by Tom Issler of the Prospect 4-H Club placed seventh in its class, while his junior yearling heifer received an A grade in its class.

Tom Clark, 12, son of Mr. and Mrs. Tom Clark Jr. of 263 Summit St., was awarded a ribbon and trophy Thursday for the first place exhibit in the Junior Fair division model airplane contest at the Ohio State Fair.

Tom's entry, a World War I scale model of a Fokker D-7, took the top spot in the scale model contest which included 30 other exhibits. He will be a student at Eber Baker Junior High School this fall.

Rep. Betts Plans 2-Day Visit Here

Congressman Jackson E. Betts of Findlay, who represents the Eighth District in Congress, will make a visit to Marion next Thursday and Friday.

He will be located in the Marion County commissioners' office on the groud floor of the Courthouse and will set aside the hours of 9 a.m. to 4 p.m. to talk with his Marion area constituents.

Congressman Betts originally had planned to be in Marion in August but was forced to postpone his visit because of the late adjournment of Congress.

Kent State Graduates Marion, Galion Students

Marion and Galion students were among 349 September graduates of Kent State University who were conferred degrees at graduation ceremonies Friday.

They were Betty Williams of Marion and Mary E. Findley of Galion, who both received bachelor of science degrees in education. The Marion student is the daughter of Mr. and Mrs. Dudley C. Williams of 228 Oak St.

Dr. Reuben G. Gustavson, president and executive director of Resources for the Future, Inc., Washington, was the speaker.

Minimum 63

TODAY'S ALMANAC

Sun rises at 6:00 a.m. and sets at 6:59 p.m.

Children Hold Show for Dimes Drive

THE MARION MARCH OF DIMES campaign was nearly $6.50 richer today as a result of efforts by youngsters in the Columbia Ct. area. Bert Freed, chairman of the emergency March of Dimes campaign, is shown accepting the money from Yvonne Carol Hord, 8, as her brothers Dwight, 3, and Dean, 7, (right) look on. The Hord youngsters, children of Mr. and Mrs. Loren H. Hord of 315 Columbia Ct., sponsored a home film show at their garage Thursday, giving the proceeds to the campaign. About 19 youngsters attended.

Parked Auto Coasts Away, Rams Another

A driverless car was involved in one of three minor, no injury traffic accidents reported today by Marion police. The state highway patrol reported one minor, no injury accident on county highways.

In the runaway car accident, an automobile owned by Lee Augenstein of Waldo coasted away from a parking place just east of Union St. on E. Church St. at 5:14 p.m. Friday.

Coasting downhill toward Orchard St. it gradually gained momentum until it swerved to the right and crashed into the rear of a car parked in front of Eber Baker Junior High School a half-block away from the parking space. The parked car was owned by Jerry Denton of 389 Davids St. Police said there was considerable damage to both cars.

Both other collisions in the city each involved less than $100 damage.

Car, Truck in Collision

A car and truck were slightly damaged in the only traffic accident reported today by Marion state highway patrolmen.

The mishap occured two miles south of Marion on Route 23 yesterday at 4:50 p.m.

Patrolmen said a car driven by John Dexter, 31, of St. Louis, Mo., and a truck operated by Clarence Distel, 58, of Tiffin figured in the accident.

According to patrolmen, Dexter was passing the truck when he was forced to cut in sharply for an oncoming vehicle and hit the Distel truck.

Both vehicles were traveling north. There was damage to the left front fender of the truck and to the right rear of the Dexter car.

Epworth Group Attends Older Youth Conference

Delegates from Epworth Methodist Church are attending a denominational Older Youth Conference today through Monday at Camp Indianola south of Lancaster. In the group are Sharlee Scott, Ruth Wilson, William Marble, Richard Wolfe, and Elwin Falor.

Plans are under way for the annual youth retreat at Camp Owens the following Sunday. The event will begin with installation of Youth Fellowship and Correlated Council officers and counselors at the morning worship service at the church. From 2 p.m. until 9, the young people, their parents, youth leaders, counselors and teachers will meet at the camp. The committee in charge includes John Eyster, Bill Snouffer, Pat Fetter, Diana Jones, John Guthrie, Pat McClenathan, Richard Wolfe, Ruth Wilson, Elwin Falor, Miss Margaret Huffman and Rev. W. C. Eyster.

GETS $100 FINE

GALION— A Fine of $100 and costs was paid by Harry J. Burke, 52, of Galion, when he pleaded guilty to a charge of operating a motor vehicle while under the influence of intoxicating liquor. He was given a hearing Friday morning before Mayor Francis C. Schalip. The mayor suspended all but three days of a 30-day jail sentence when Burke paid the fine and costs. He was arrested at 8:22 p.m. Thursday by local police.

Salvation Army Project

296 Children Take Part In Playground Activities

Total enrollment in the Salvation Army playground this summer was 296, Capt. Mary Nisiewicz reported today.

Features of the 11-week program included classes, craftwork, free play, playground and athletic activity, tours and trips, happy hour, films, instrument, kindergarten, dramatics, camping, picnics and Bible School.

—:—

THE CONCLUDING event was a picnic at Greenwood Lake, Salvation Army Camp at Delaware. Boys and girls from the Children's Home were guests. Activities including boating, fishing, swimming and a variety of games.

Another highlight of the summer program was a supper meeting at Greenwood Lake Aug. 23, when 83 youngsters attended as guests of the Community Foundation. Also present were members of the Salvation Army welfare committee, Mr. and Mrs. J. B. Bray, Mr. and Mrs. Forest D. Loudenslager and Mrs. Frances Scott, and from the Community Chest, Mr. and Mrs. Jack Maxwell and family. Also present were Capt. Mary Nisiewicz and Lt. Polly Laipply of the Salvation Army.

During the event, the boys and girls took part in the coronation of a camp king and queen, Larry Prude of Marion and Carol Sue Shelton of Prospect.

—:—

DURING THE FIRST part of the summer, a total of 48 youngsters attended a Salvation Army Camp at Glendale, O. They were recommended for vacations by the Marion County Welfare Department, the Family Service Society and the Child Welfare Board, with all names cleared through the Salvation Army.

The Salvation Army playground directors for the summer were Miss Ardella Oakes, Miss Ruth Ward and Ray Klingle, with Mrs. Roma Gillespie and Mrs. Louise Kunkle in charge of the kindergarten. The youth committee of the advisory board is composed of Cecil W. Gabler, chairman; Max Birnbaum, Fred C. Cory Sr., Lowell Douce, Rev. Paul Goebel, Miss Vivian Hall and Judge Edward J. Ruzzo.

The Salvation Army is a Red Feather agency.

Probe

(Continued From Page 1)

Sens. Fulbright (D-Ark) and Morse (Ind-Ore) in support of the censure resolution.

Whether the committee will introduce additional evidence before McCarthy starts his defense has not been decided. Watkins said the group's staff still was going over all the charges and he has left the door open to take up any or all of them not yet covered in the hearings.

Makes No Predictions

He told newsmen, in answer to a question, that the hearings could end next week but that he was not making any prediction.

Similarly, in a separate interview, Case said this was "a possibility and also a hope." He added, however, that no one could say definitely, partly because of the nature of McCarthy's defense was not known.

Edward B. Williams, McCarthy's lawyer, has said that "we'll be ready to go on Tuesday" if the committee has advanced to the point then of accepting defense testimony.

Watkins declined to say how long the committee would need to prepare a report for the Senate and Case said, "I don't have any idea on that."

Watkins, at a news conference yesterday, described the committee as "as fair a group as you can find in the Senate."

Finds No Prejudice

"I don't find any prejudice in the committee against Sen. McCarthy," he said. Besides, he said, McCarthy himself hasn't challenged any member "so what's all the fuss about?"

McCarthy, a day earlier, said Watkins had made the "fantastic statement" in a TV interview that it was unimportant whether or not the committee members were impartial.

Watkins said that what he had in mind was that impartiality was not a requirement for members of the Senate who, he added, compose the "jury" that will finally pass on the censure question.

Traffic Cases

Two drivers were fined a total of $45 and costs on various traffic charges in Marion Municipal Court Friday.

Robert S. Kissner, 40, of near Delaware was fined $15 and costs on each of two charges, speeding and driving without a driver's license. Judge W. Dexter Hazen suspended the fine and costs on the speeding charge.

William C. Gannon, 32, of 454 Grant St. was fined $15 and costs on a charge of having insufficient brakes on his truck and hauling garbage illegally.

CLEVELAND MAN FINED

One out-of-county traffic arrest was reported today by Marion state highway patrolmen. Orland Steele, 37, of Cleveland was fined $20 and costs by Mayor Don Healea of Cardington on a speeding charge.

Traffic Ticket Charges Bring Arrest of 4 Here

Marion police cracked down Friday on Marionites who have ignored or forgotten to pay overtime tickets issued them for overtime parking and similar other minor violations.

Police Chief Thomas B. Coon said today that four persons were arrested yesterday and all would be taken before Municipal Court Judge W. Dexter Hazen on the charges today.

Arrested were Norman Blackford, 24, of 453 Windsor St., Richard R. Weis, 24, of 316½ Girard Ave., Ronald W. Miller, 22, of 186½ S. Main S., and Mary Peifer of 217 Uhler Ave.

HOLIDAY HOURS SET

UPPER SANDUSKY — Most Upper Sandusky business places will close as well as both banks, Sept. 6, in observance of Labor Day. All offices at the Courthouse will close as well as both basks. Regular holiday hours will be observed at the postoffice with no rural or city deliveries.

TV Inspired Extortion Try, Ohioan Claims

JACKSONVILLE, Fla. (AP) — A television program he saw gave him an idea for a $3,000 extortion plot, said Leon Donald Schartiger of Akron, Ohio, who is going to prison to serve a four-year sentence.

The 40-year-old man admitted trying to extort $3,000 from Mrs. B. M. Underwood here April 23.

Mrs. Underwood told authorities she came home on that morning and found Schartiger coming out of a bedroom. She said he told her to keep quiet, then handed her a crudely handprinted note threatening her life and that of her husband unless she appeared at Orlando by 2 p.m. the same day with $3,000 in small bills.

Allowed to leave the house on the pretext of going for the money, Mrs. Underwood said she alerted the road patrol and stayed away until Schartiger left.

Schartiger was picked up later at nearby Orange Park, where officers said he had been staying with relatives.

He did not identify the television program he said he got the idea from. He had no previous criminal record.

Local Physicians Receive Grant for Research on Heart

Doctors Philip W Smith, Charles W. Wilson and Hugh A. Cregg of the Frederick C. Smith Clinic received an additional research grant of $1,000 today from the Central Ohio Heart Association.

This money is to be used to continue the research started two years ago in investigating a method to improve the accuracy of diagnosis in certain forms of congenital and acquired heart disease.

The method, consisting of the injection of liquid contrast media directly into the chambers of the heart, has been investigated in animals and has been successfully applied in a number of clinical cases to date.

A report of the results of the investigation was presented in March of this year at the meeting of the American Association for Thoracic Surgery in Montreal. The findings have also been presented before the Central Ohio Heart Association and the Ohio Radiological Society.

These reports will be published soon in the appropriate specialty medical journals of these societies.

Defense

(Continued From Page 1)

ference which starts Monday.

The Philippines, which has been insisting on an "all for one and one for all" type of defense pact, was expected to modify its demands if guaranteed strong and prompt U.S. military assistance.

Dulles' statement appeared to be aimed at providing that guarantee.

"We expect the Philippines to contribute to its own security to the extent of its capabilities," Dulles said. "The United States will take all practicable measures to maintain the security of the extent of its capabilities," Dulles said. "The United States will take all practicable measures to maintain the security of the Philippines against external attack."

Should Retain Bases

The secretary said the United States would retain its military bases in the Philippines as "concrete evidence of the United States' ability and intention to take necessary countermeasures."

While the 7th Fleet has been ordered to protect Formosa from invasion no such orders are necessary in the case of the Philippines, Dulles declared, because "our forces would automatically react."

The strong friendship between the United States and the Philippines "offers us the best possible basis for cooperation to meet the new danger which has arisen since the end of World War II in Asia," Dulles said.

He described the mutual defense pact linking the United States and the Philippines as an "important link in the defense system of the free world . . ." and declared that "it should be so strong as to be unbreakable."

Foreign ministers of the Philippines, France and the United States will meet Monday to negotiate a defense alliance designed to halt the spread of communism in Southeast Asia.

Man Held for Jury

C. L. Spiggle, 49, of 1044 E. Church St. was bound over to the Marion County grand jury from Municipal Court yesterday on an assault and battery charge. Judge W. Dexter Hazen set his bond at $100. The charge was filed against Spiggle by a man identified only as Robert Staub on court records. Spiggle pleaded not guilty to the charge at preliminary hearing in Municipal Court.

FIGHT FIRE

NEVADA — The Nevada Volunteer Fire Department answered a call at 11 p.m. Friday to Oceola where a truck had caught fire. The fire, which originated in the floorboard, destroyed the cab.

Local Firm Has Job

Magnetic Springs Polio Center Work Under Way

Remodeling work has started on the Magnetic Springs Polio Foundation building in Magnetic Springs, it was announced this week by P. M. Curl, chairman of the foundation's building committee. Estimates for the remodeling were presented to the board of trustees at that group's last meeting and it was unanimously decided to start the work immediately.

According to Curl, the work to convert the former Park Hotel building into the midwest's first polio rehabilitation center will progress as rapidly as possible in the hope that the first patients can be admitted before the end of the year.

—:—

THE FIRST STAGE of the remodeling will see a 28-bed wing put into operation. All service facilities, including the heating, plumbing, electrical and sewage disposal systems, will be completely renovated before the opening of the center.

Upon completion of the entire project, the Magnetic Springs Polio Foundation will be able to care for about 130 patients. The program of the center will be patterned closely after that of the famous Georgia Warm Springs Foundation, specializing in the rehabilitation of polio patients who have passed the acute stages of the disease.

The remodeling of the polio center building was planned and will be supervised by the architectural firm of C. Melvin Frank and Associates, Columbus. Their services are being contributed entirely without charge.

Contractor for the project is the Marion Contracting Corp., and Gould H. Ayres and Associates of Columbus are serving as consulting engineers.

—:—

POLIO PATIENTS from Ohio and surrounding states will be able to receive the most up-to-date polio therapy available anywhere in the country and will not have to travel several hundred miles away from home to receive this specialized treatment.

At the present time, a complete brace shop is in operation at the Magnetic Springs site, under the supervision of Russell Glenn, formerly with the Georgia Warm Springs Foundation's brace shop.

Dr. K. W. Keever of Richwood, who will head the medical staff of the Magnetic Springs Foundation, is currently supervising the rehabilitation programs of more than 200 post-polio patients.

A fund drive to raise $250,000 for the establishment of the Magnetic Springs Polio Foundation is now in progress. Ohio Granges have contributed in excess of $55,000. The National Foundation for Infantile Paralysis has given its stamp of approval to the new center and has made a grant of $25,000. The national Delta Theta Tau sorority, a philanthropic organization, has adopted Magnetic Springs as a project for the next three years and is giving its financial support to the center.

Individuals interested in contributing to the building fund are urged to send their gifts to K. D. Kyle, fund drive chairman, Magnetic Springs Polio Foundation, Richwood.

Take Effect Immediately

Social Security Changes Affect Nearly Everyone

The sweeping new amendments to the Social Security Act, signed into law Sept. 1, 1954, by President Eisenhower, will affect virtually every family in Marion County, according to Paul D. Snider, district manager of the Social Security Administration.

"The protection of old-age and survivors insurance is now extended to nine out of 10 families in the community," Snider said, "and the benefit payments, not only to future beneficiaries but also to those now on the rolls, have been substantially increased."

—:—

IMMEDIATELY EFFECTIVE is the increase in monthly payments to persons now getting benefits. These increases will show on the September checks which will be mailed early in October. Persons now receiving monthly payments do not have to take any action to get these increases, Snider declared. They will be made automatically and do not have to be applied for.

The present minimum payment of $25 to a retired worker has been raised to $30; the maximum of $85 has been increased to $98.50. Individuals earning at the new rate of $4,200 a year may qualify for a maximum of $108.50 as early as April 1956. Dependents and survivors now getting monthly benefits will get proportionate increases, with every family unit assured an increase of at least $5. The maximum family payment has been raised from $168.75 to $200.

—:—

WHERE THERE IS only one survivor drawing benefits, that is, just a widow, widower, child or parent alone, that person will receive at least $30 a month. In some cases this will mean an increase of $11.20 a month. The tables below give an idea of how much the increases in social security payments will be:

WORKER

Old	New
$25	$30
55	60
85	98.50

WORKER AND WIFE

Old	New
$37.50	$45

168.90	197.10

Youth Injured In Accident on Farm in County

A 14-year-old youth, Dorman Parsons, suffered injuries in a farm accident shortly after noon today at the Lawrence Farm on Harding Highway East.

The youth, son of Mr. and Mrs. Ralph Parsons of east of Marion, is suffering from abrasions of the abdomen, elbows and forearms.

He was injured when a tractor upset and overturned on him. He reportedly was riding on the tractor which was being pulled by a truck when a wheel on the tractor broke.

Parsons is employed at the Lawrence Farm. He was taken to City Hospital for treatment.

New Kindergarten Will Be Operated at LaRue

The first kindergarten in LaRue's history will open Tuesday with 23 students registered.

A half-day session is scheduled for the first meeting, at the old Fire Department building. Mrs. Rowena Pelsey of Marion will teach the class.

The Kindergarten is sponsored by a group of women's clubs in cooperation with the public school.

Can't Haul Garbage

Two arrests for illegal garbage hauling this week brought forth a warning today from Marion Police Chief Thomas B. Coon.

He said permits may be issued for hauling rubbish over city streets but not for hauling garbage. Only city employes using city owned equipment are permitted to haul garbage within the corporation limits, according to city ordinance, Coon said.

Kidnaping

(Continued From Page 1)

lock the ignition.

Mrs. Lang said she got the car started, but in her excitement stalled the engine. She had taken the precaution of locking the car doors from the inside, but Noonan, she told police, came charging back to the car and finally got it open by forcing the front ventilator.

At that moment, Mrs. Lang recounted, she started the car again and got it underway with a lurch. She said Noonan lost his grip and fell off the car. She said she assumed he was injured in the fall.

At Columbus, the YMCA office said Noonan lived at the YMCA about three weeks and checked out Aug. 28

Money Bag Stolen From Local Store

Theft of a bag of money containing nearly $2,000 was reported to city police Friday by Floyd Rieser's Grocery of 265 Uncapher Ave.

While store employes were in the back of the room cutting meat, a sneak thief walked in the door and stole the money bag, which was placed near the cash register. No one noticed the thief enter or leave. The theft occurred shortly after the store opened for business.

Persistent Stranger

WAUKEGAN, Ill. (AP) — Pasquali's Grocery has a rule against cashing checks for strangers. Mrs. Ruth Pasquali stuck by the rule so the stranger returned Thursday night with a pistol and held her up. He took $41, the amount of his proffered check.

Toledoan Sues Congressman

Half Million Asked by Lamb in Slander Case

NASHVILLE, Tenn. (AP)—Edward Lamb of Toledo, Ohio, filed a half million dollar federal slander suit against U. S. Rep. Pat Sutton (D-Tenn) here yesterday.

The new suit brings to two million dollars the amount Lamb is seeking in state and federal courts from Sutton and his broadcasters as a result of a marathon television-radio broadcast here July 12 and 13.

The broadcast was part of Sutton's unsuccessful campaign to unseat Sen. Estes Kefauver in Tennessee's Democratic primary election Aug. 5.

Lamb, a newspaper publisher and owner of several radio and television stations, said in his federal court petition that Sutton had called him a "known Communist" during the broadcast.

Lamb said he was not and never has been "a member of the Communist Party or a known Communist, or subversive or disloyal to the United States in any way."

High Air Officer Calls for Instant Atomic Retaliation

DAYTON, Ohio (AP)—The United States' second ranking Air Force officer has urged instant atomic retaliation against any aggressor, without waiting to see what kind of weapons he had chosen.

Lt. Gen. Thomas D. White, AF vice chief of staff, said in a speech here last night our ability to carry nuclear weapons to an aggressor through the air is the best guarantee of peace.

He spoke at a banquet of the Aircraft Industry Assn. In the audience were many foreign air attaches, including three officers from behind the Iron Curtain—from the Soviet Union, Hungary and Czechoslovakia.

Gen. Thomas said talk of not using nuclear weapons "must comfort an aggressor whose principal military weakness is in atomic weapons and long-range bombers."

Commander

(Continued From Page 1)

been treated, he complained that he had always been kept separate and had not been allowed to see or talk with his staff officers during his imprisonment.

He described himself as "not completely well" but added he was hard to kill and said he would be in good health in a few days. He looked thin and tired but walked erect. Men who knew him before Dien Bien Phu said he was at least 20 pounds underweight, looked several years older and had grayed considerably.

De Castries said he had been told one of his officers died only three days ago.

De Castries, highest ranking officer captured by the Communist-led rebels in the eight-year Indochina War, won world attention for leading the French stand at Dien Bien Phu He was captured when the encircled North Indochina position finally fell last May 7 after three months of siege.

Fire

(Continued From Page 1)

flames virtually had destroyed the residence by that time.

Cullen, 34, told Sheriff Clarence Brown, who investigated the fire that at about 2 a.m. he had extinguished a blaze in a davenport in the room where Hanson was sleeping. He theorized that the fire may not have been entirely extinguished and flared up again.

He also said that after he and his wife had escaped the burning house he had attempted to go back in after Hanson, but the flames had gained too much headway. Dr. H. R. Johanson, Hardin County coroner, ruled that Hanson's death was accidental by burning.

The dead man was a brother of Glen T. Hanson, Alger funeral director. Other survivors are three other brothers, N. A. Hanson of near Alger, C. J. Hanson of Lima, and B. M. Hanson of Union City, Mich.

Private funeral services will be held at 2 p.m. Sunday at the Hanson Funeral Home in Alger with Rev. Willard Thomas and Rev. Milton Leidig in charge. Burial will be in McDonald - Fairview Cemetery.

Smoking in Bed Blamed For Starting Fire Here

Smoking in bed was blamed today by firemen for causing a $150 loss this morning on W. Church St. At 7:24 a.m., firemen from Central station were called to the home of J. W. Clements at 431 W. Church St.

They found Clements had been smoking in bed and sparks had set fire to the mattress and bed causing the $150 loss.

Men with the inhalator machine worked successfully for 15 minutes Friday at 11 a.m. on Mrs. Ida Dorward of 356 Windsor St. She had been suffering from fainting spells.

Doby Gets Back in Groove as Indians Cling to Lead

Outfielder's 30th Homer Helps Feller Beat Chicago

CHICAGO (AP) — Larry Doby, Cleveland's fleet centerfielder who got only one hit in the New York series, appeared to have his war club back in the groove today as the Tribe clung to a 3½ game lead over the Yankees.

Doby banged his 30th homer of the season last night to break a 2-2 tie in the seventh inning and give the Indians a 3-2 victory in their series opener with the Chicago White Sox.

The Yankees kept close behind with a 9-2 triumph over Washington.

Doby also contributed a double in the third inning and a single in the fifth that scored Bobby Avila and put the Tribe ahead 2-1. Avila had reached second on a double.

Thus, he came through with three of the nine blows the Tribemen were eogt blate rgVf flo ll men were able to get off Virgil Trucks, who was lifted for a pinch hitter in the eighth.

Bob Feller, 35-year-old veteran, won his 12th victory in 15 decisions, but he had to have help from Mike Garcia.

Nelson Fox and George Kell singled in the seventh and Don Mossi came in to replace Feller.

After rain delayed the game 13 minuts, Mossi walked Jim Rivera to load the bases with one out and Garcia was summoned. The "Big Bear" promptly forced Mike Baitts to loop a liner to first and got Johnny Groth on a harmless infield dribbler.

From then on in, the Sox made only one hit, a single by Chico Carrasquel in the eighth.

The Indians took the lead in the opening inning when Avila beat out a bunt, took second on an infield out and scored on Vic Wertz' single.

Chicago tied it up in the third with an unearned run. Trucks and Carrasquel singled and Fox bunted into a force at third. Then Avila grabbed Minnie Minoso's smash, but threw wild to second and Carrasquel scored.

A sixth-inning homer by Rivera that carried more than 420 feet gave the Sox their second run, tying the count after Doby's single put the Indians ahead in the fifth.

Early Wynn, seeking his 20th victory, faces southpaw Jack Harshman in tonight's game.

Harding Drills Against Kenton

Harding's varsity gridders were scheduled for a short practice session today following a scrimmage with Kenton here yesterday. Today's practice is the last before a Labor Day weekend vacation.

The Prexies will return to practice Tuesday when the school term begins. They will then have four days to prepare for the preview tilt with Lorain at the Stadium Saturday.

Howison, following the hour-long scrimmage with Kenton yesterday afternoon, said his squad was in "good shape" and would "be ready by the time the season opens in two weeks."

Using his entire varsity squad, the Presidents encountered little difficulty in scoring six times and holding the outmanned Kenton squad scoreless.

Howison was using a new backfield against Kenton with Chet King and Joe Albinack missing from the lineup. King is suffering from a shoulder injury in the Upper Sandusky scrimmage while Albinack was working.

The Harding touchdowns were scored by Ballinger, Hank Rinnert — who intercepted a pass —, Fred Hazen, Joe Snouffer, Harold Jones and Elijah Green. Hazen and Snouffer scored on passes from Don Schweinfurth.

Hawkins Paces Field In Rubber City Open

AKRON, Ohio (AP)—Fred Hawkins of El Paso, Tex. led the pack but a dozen other players were close on his heels today as the third round opened in the $15,000 Rubber City Open.

Hawkins, whose only victory in eight years of PGA competition was in the 1950 Cavalier Open at Virginia Beach, Va., celebrated his 31st birthday yesterday by firing a record-breaking 64 to go ahead with a 36-hole total of 134

Richardson Ousts Hood In Tourney

FOREST HILLS, N. Y. (AP) — Young Ham Richardson at last has come of tennis age, and quinine pills may be the medicine Uncle Sam needs to win back the Davis Cup.

"Quinine pills did it — they brought me through that fifth set," the good-looking Tulane University law student said after he had eliminated Australia's No. 1 ace, Lewis Hoad, in the quarter-finals of the National Tennis championships yestedray.

The victory, a 3-hour struggle won by the scores of 6-4, 7-5, 11-13, 4-6, 6-3, stamped Richardson as a good bet to carry one of the American singles assignments against the Australians in the Davis Cup challenge round at Sydney next December.

Tennis fans who saw Richardson lose a straight-setter to this same Hoad last year—and who had been accustomed to seeing him fold in the stretch in all long, tough matches—were amazed at his great improvement.

Richardson rests today while the remainder of the field catches up with him in the semifinals.

Vic Seixas of Philadelphia, seeded No. 2, plays Tom Brown of San Francisco for the right to meet Richardson in the bottom semifinals.

The upper bracket sends defending champion Tony Trabert against Rex Hartwig of Australia and Art Larsen against Aussie Ken Rosewall.

Trabert defeated Davis Cup Captain Bill Talbert yesterday, 7-5, 6-3, 6-0, while Seixas topped Australia's Neale Fraser, 4-6, 7-5, 7-5, 6-2. The other American, Larsen, won over Herbie Flam in a replay of the 1950 finals, 6-4, 6-3, 7-5.

Rosewall crushed Ed Moylan of Trenton, N. J., 6-4, 6-2, 1-6, 6-3, while Hartwig accounted for Gardnar Mulloy of Miami, 6-8, 6-4, 6-3, 6-2.

Americans Regain Curtis Cup From British Golf Team

ARDMORE, Pa. (AP)—America regained the Curtis Cup from the British yesterday and if Mrs. John B. Beck, non-playing captain of the losers is correct, it may be a long time before the international golf trophy leaves American shores.

Mrs. Beck, whose husband, John, led the only British team ever to win the Walker Cup, said she wasn't particularly surprised or disappointed at the outcome. America won 6-3, winning all three Scotch foursome matches Thursday and three of six singles events yesterday at the Merion Golf Club.

"We simply can't chip and putt as well as the Americans do and I doubt if we ever will. It takes practice to perfect your chipping and putting and we don't have the weather to practice in."

Norkus Wins Dull Scrap Over Brion

NEW YORK (AP)—It's back to the gym Monday for Charley Norkus and Cesar Brion. They can both use the work.

Norkus, a 26-year-old ex-Marine from Port Washington, N.Y., won a split decision over the lumbering giant from Argentina last night but it wasn't any thing to be proud of.

The victor didn't show much more than the loser, who looked very bad indeed. Both missed more often than they connected and it was an inept, huff and puff affair that disappointed most of the tiny turnout of about 1,500 in Madison Square Garden.

Bowling

A 245-574 performance by R Welch showed the way in the Independent League at Palace Recreation last night. E. Jones cracked 231, second high of the seven 200 games rolled. Eagles No. 2 rolled 984-2593 for team laurels.

"Bounce" Umbaugh's 219 and a 549 by Louis Klingle were tops in the Marion Recreation League. Team honors were shared by Post 605 of Waldo with 850 and Old Dutch with 2395.

Six games of 200 or better were posted in the Commercial League with G. Debolt's 210 leading the way. W. Mann hit 581 for high series. McMillen, which rolled 873-2563, paced the teams.

Frank Minor hit 223 while Chuck Gruber cracked 539 for honors in the City League. Parish Marathon rolled 912-2492 to lead the teams.

SAFE LOAD LIMIT

CHICAGO (AP)—A formula has been developed by the Outboard Boating Club of America to establish safe load limits for small sports water craft. Known as "Stirling's Rule," the limit is 150 pounds for every 12 cubic feet of the internal volume of the boat. This new rule is designed to reduce hazards, especially in races.

5 Harness Races To Feature Start Of Richwood Fair

RICHWOOD — Five harness horse races beginning at 1:30 p.m. today highlighted the start of the Richwood Fair.

A two-year-old trot (30 class), 224 trot and 224 pace were being offered. Both the 224 paces and trots were forced to be split into two races due to the large number of entries in each.

Final racing session will be Labor Day afternoon.

Galion Halfback Hurt, Sidelined for Season

GALION—James Deibig, 16-year-old defensive halfback, is lost to the Galion High School football team for the season. He fractured his left ankle while at practice Friday evening.

Deibig, son of Mr. and Mrs. Ralph Deibig of Galion, will probably have his ankle in a cast for six to eight weeks.

Coach Dick Kerin took his gridders to Mount Vernon, Thursday night, for a scrimmage. The scrimmage showed a shortage of capable ball carriers and need for blocking drills.

Braves Beat Reds in 12th After Brawl

CINCINNATI (AP) — "I was just tired of being pushed around," Johnny Logan said today in explaining last night's baseball brawl between Cincinnati and Milwaukee players.

The players, coaches and managers swarmed onto the field from the benches and bullpens after Logan, Milwaukee shortstop, squared off with Jim Greengrass, Cincinnati left fielder, in the eighth inning.

At least three separate fistfights and several wrestling matches followed before peace was restored. The Braves went on to win the 12-inning game, 3-2

Logan said Wally Post had hit him in the thigh earlier in the game and pitcher Corky Valentine had rolled over him in a football block in the previous inning.

The Cincinnati Redlegs plowed ahead in the eighth 2-1 on Ted Kluszewski's 42nd home run of the year. Then Greengrass singled. Johnny Temple hit a ground ball and this play set the brawl in action.

Greengrass slid into second and wrapped his legs around Logan, who was standing guard.

"I thought he tried to swing at me with the ball," Greengrass said after the game. "I didn't spike him. I had my feet tucked under him."

When the players got up, Greengrass cocked his arm back but the adroit Logan, an ex-prize fighter, sidestepped the blow. Greengrass then picked up the 175-pound Logan and slammed him to the ground.

Both players were kicked out of the game and peace was restored. But when Logan strolled past first base, he and Temple exchanged words—and then blows. Temple was cut on the nose and was bruised on the forehead.

Association Action Hampered by Rain

By The Associated Press

Louisville beat Columbus 6-4 and Toledo and Charleston split a doubleheader last night in a rain-curtailed American Association program.

A single game between Kansas City and St. Paul and a doubleheader between Indianapolis and Minneapolis were postponed.

Louisville's Colonels had a 6-0 lead after six innings against Columbus but the Red Birds exploded for three runs in the seventh on a double by Hal Smith and three singles. Smith got another run in the ninth with a leadoff homer.

However, lefthander Bill Kennedy survived the rallies for his eighth victory against six setbacks.

Charleston beat Toledo in the opener, 2-1, but Toledo won the nightcap, 10-6.

Hooper Leads Racers At Powell Speedway

Marion's Paul Hooper is currently pacing NARC drivers in the point standings and will have an opportunity to earn "over-time" Sunday night at the Powell Speedway near Columbus.

The Mid - Season Labor Day Championship races will be held and drivers will be out to earn the double-points paid in championship races. Cooper, with 284 points, took the lead over Bill Pedigo last week. Pedigo ranks second with 281 points and Red Bales is third with 267.

ROME, Italy — Tiberio Mitri, 160½, Italy, outpointed Les Allen, 158½, England, 10.

Game-Winning Blast Comes After Yanks' Score Is Posted

By BEN PHLEGAR
Associated Press Sports Writer

Larry Doby had to travel all the way to Chicago but he got his revenge on the New York Yankees.

The home run-hitting center fielder of the Cleveland Indians, who failed badly at the plate during the recent New York series personally punctured the latest Yankee pennant strategy by driving in 2-3 of the runs as Cleveland whipped the Chicago White Sox 3-2 last night.

The Yankees, 3½ games behind need all the help they can get to keep alive their chances for a sixth straight pennant. Manager Casey Stengel figured it might be easier for Chicago after his lads had slowed down the Indians a bit.

"Those fellows are too good to fold," Casey admitted reluctantly, "but maybe if we win two they'll have trouble getting started right away."

But Doby didn't agree. With the score tied 1-1 in the fifth he singled home Bobby Avila. And when Jim Rivera's home run tied the score in the sixth, Doby followed with his 30th homer high into the right field stands in the seventh.

The game-winning blast came just after the Yankees' final score had been posted on the Cominskey Park scoreboard, showing a 9-2 triumph for the New Yorkers at Washington.

The New York Giants pulled four games in front of Brooklyn in the National League with a 7-4 verdict over the Dodgers. Milwaukee shaded Cincinnati 3-2 in 12 innings and stayed 6½ behind.

In other action the Chicago Cubs defeated St. Louis 4-3. Philadelphia won a pair from Pittsburgh 7-1 and 10-2, Boston swamped the Philadelphia Athletics 11-1 and Detroit edged Baltimore 4-3 in 10 innings.

The Yankees came from behind with five runs in the fifth inning and added three for insurance in the ninth on a pinch double by Eddie Robinson.

With the score tied in the fifth, two out and runners on first and third, Washington shortstop Jerry Snyder elected to try for a force play at second on a bounder by Yogi Berra. Mickey Mantle beat the throw, a run scored and three more Yankee hits produced three more runs.

The victory was the Yanks' 11th of the season over the Senators and preserved Stengel's record of never having lost a season's series to any team since he became manager of the Yankees in 1949.

Relief pitcher Hoyt Wilhelm came through with his first hit of the year to drive in the run that put the Giants ahead to stay against Brooklyn. Given a chance to bat for himself with two on, two out and the score tied in the seventh, Wilhelm smashed a single through the middle. The giants added two more in the eighth to register their first success over the Dodgers since early July.

Gil Hodges hit his 37th home run for Brooklyn but nobody was on base. Whitey Lockman's homer on the first pitch in the first inning opened the Giants' 15-hit attack.

Home runs kept Milwaukee's faint pennant hopes alive. Del Crandall homered in the ninth at Cincinnati to tie the score. Jack Dittmer homered in the 12th to win it. The Reds' runs scored in the eighth on Ted Kluszewski's 42nd homer with a man aboard. Big Klu leads both leagues in home runs.

Ted Williams moved up a notch in the table of all-time home-run hitters with his 362nd at Philadelphia. He passed Joe DiMaggio and now is in fifth place behind Babe Ruth, Jimmy Foxx, Mel Ott and Lou Gehrig.

Granny Hamner, storm center of the recent flare-up on the Phillies, collected four doubles and a single in Philadelphia's sweep at Pittsburgh. The off-and-on Phils now have won five straight.

The Cardinals lost their sixth in a row when the Cubs came up with two runs in the ninth on a double by Gene Baker. The slumping St. Louisans are only 3½ games ahead of the improving seventh-place Cubs.

Baltimore scored three runs in the eighth at Detroit to tie the score but the Tigers won out in the 10th when Bill Tuttle singled home Hoot Evers.
